Why General Contractors Choose PlanHub

Connect

Collaborate with the right subcontractors, suppliers, and project partners to deliver exceptional results. Explore tools designed to streamline communication and collaboration.

Grow

Access to exclusive project leads, smarter bid coverage, and risk management tools ensure you find the right opportunities and make choices to maximize your success.

Simplify

From seamless bid management and collaboration to mobile tools and automation, we've simplified every step of preconstruction.

> Instead of two projects at a time, we can do five or six — it's way more productive.

CONNECT

Build Relationships That Power Your Business

Collaborate with the right subcontractors, suppliers, and project partners to deliver exceptional results. With tools designed to streamline communication and collaboration, PlanHub ensures your network is always working for you.

Try For Free

Commercial Subcontractor & Suppliers Directory

Build relationships that drive business growth.

- **Expand Your Reach:** Gain direct access to a growing network of 400,000+ subcontractors and 30,000+ suppliers across nearly 400 trades.
- **Unlimited Projects, Unlimited ITBs:** Send unlimited ITBs to uncover new opportunities to expand your reach and build profitable relationships.

Public & Private Planrooms

Effortless Project Collaboration

- **Simplified Project Collaboration:** Store and share all project plans, documents, and specifications in one organized digital hub.
- **Flexible Planroom Access:** Use Private Planrooms for invite-only collaborations or Public Planrooms to maximize bid coverage.
- **Smarter Invitations:** Build customizable subcontractor networks with storage filters, saved groups, and automated ITB notifications to ensure comprehensive bid coverage with minimal effort.

Smart ITBs & Automatic Matching

Intelligent Bid Distribution

- **Matched Within Minutes:** PlanHub automatically matches you with qualified subcontractors and suppliers by trade and region.
- **Prequalification Control:** Request prequalification submissions from bidders to ensure quality partnerships.
- **Time-Saving Automation:** Save time with automated ITB distribution and project updates, so you can focus on growing your business.

GROW

Access Exclusive Project Leads, Intelligent Bid Coverage, & Tools That Help You Secure The Right Opportunities.

PlanHub equips you with the resources to win more work and build stronger partnerships.

Try For Free

Project Lead Finder

Stay ahead with Premium Leads:

- **Discover Hard-To-Find Leads:** Access 3,000+ private projects in planning stages each month, including valuable contact details for architects, developers, and owners.
- **Tailored Opportunities:** Use powerful filters, such as project stage, publication date, and more, to uncover leads that align with your expertise.
- **Early Access To Key Contacts:** Connect early and directly with architects, developers, and owners during the planning phase.

Smart Bid Coverage

Go Beyond Getting "Enough" Bids To Having Enough Of The Right Bids.

- **Bid Status At A Glance:** Track bid status at a glance to see which projects need more coverage.
- **Conveniently Fill The Gaps:** Search your PlanHub Directory for subcontractors and suppliers, filtering by trade, location, qualifications, and more.
- **One-Click Invites & Reminders:** Send ITBs and response reminders with a single click to ensure you receive the right bids promptly.

Prequalification

Find Peace Of Mind With Qualified Partners

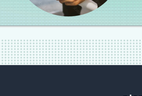
- **Trusted Partners:** Quickly identify qualified subcontractors and suppliers with profiles detailing certifications, licenses, and qualifications.
- **Advanced Filtering:** Reduce risk. Filters allow you to quickly narrow down trades, geographies, credentials, and more.
- **Streamlined Communication:** Add subcontractors and suppliers to your network, send messages, or request additional information—all from one place.

SIMPLIFY

Take The Hassle Out Of Preconstruction

Streamline your workflows and reduce busywork with tools that centralize your projects, bids, and estimates. PlanHub simplifies every step, giving you more time to focus on delivering great results.

Try For Free



Bid Management & Collaboration Suite

Post projects for free in minutes, track subcontractor engagement, message with partners and more — all in one platform. Key features include:

- **Virtual Bid Coordinator:** Delegate outreach to our team to gather bids, freeing you to focus on higher-value tasks.
- **Shareable Projects Page:** Market active projects with a single URL, giving subcontractors and suppliers instant access to key details.
- **Integrated Bid Lever:** Compare bids side-by-side with clear breakdowns of costs, labor, and materials.
- **General Contractor Mobile App:** Manage projects, files, and communication on the go with real-time updates and secure, collaborative tracking.
- **Less Admin, More Growth:** Trade-specific templates, automated reminders, and smart bid coverage reminders and more save time and simplify decision-making.

Integrated Takeoff & Estimation

Save Time, Increase Precision, And Modernize Your Workflow With A Solution Built For Today.

- **All-In-One Efficiency:** Streamline your workflow by handling takeoffs, estimates, and handoffs in one easy-to-use platform—eliminating the need for multiple tools and reducing costly errors.
- **Integrated Into Your Workflow:** Transition seamlessly from takeoff to estimate within your existing bid management system. Import outside projects, collaborate with your team in real-time, and keep everything connected.
- **Robust Customization:** Leverage pre-built templates or tailor your takeoff and estimation process to fit your unique needs, ensuring accuracy and speed every time.
- **Comprehensive Resources:** Access a 92,000-item cost library and personalized assembly options to simplify even the most complex projects—bathrooms, kitchens, or anything in between.

Develop Solid Relationships That Pay Off In The Short & Long Term

Get into the consideration set early so you are ready to go when the project is funded and open for bids.

Try For Free

General & Subcontractor Directories

Build relationships that drive business growth.

- **Access A Comprehensive Database:** Access more than 1,100+ general contractors and 450,000+ subcontractors with PlanHub's Directories, which you can filter to match your desired criteria. Message them in-app, share estimates, and see posted projects that specify products you or your competitors sell.
- **Identify Top Payers:** Exclusive badging for premium and prequalified subcontractors.

In-App Messaging

Communicate seamlessly with your network.

- **Connect Seamlessly:** Use in-app messaging for group or one-on-one communication with active subcontractors and general contractors.
- **Focus Your Outreach:** Block or hide irrelevant contacts for better connections.

GROW

Expand Your Opportunities & Reach The Right Projects

PlanHub connects you to 3,000+ planning-stage projects each month, including hard-to-find private opportunities. With powerful tools like robust search, keyword matching, automatic notifications, document access and more, you can uncover exclusive opportunities, reach decision-makers, and grow your business with confidence.

Try For Free

Commercial Construction Projects Page

Discover bidding-stage projects perfectly matched to your business needs.

- **Project Dashboard:** View a high-level list of projects that are relevant to you. Filter results to match your criteria, so you quickly find products you sell within project documents.
- **Streamlined Project Access:** Search for, filter project lists by trade, subtrade, zip code, bid due date, construction type, and more. Access and markup project files seamlessly in PlanHub.
- **Inbound Estimate Requests:** Receive inbound estimate requests in real time from subcontractors bidding on projects.
- **Share Efficiently:** View and share estimates with subcontractors interested in a project, download plans uploaded by general contractors, and view and place bids.

Automatic Matching & Keyword Search

Receive relevant, high-quality bids based on your saved keywords and business information—automatically.

- **Powerful Search Functionality:** Keyword search finds your keyword, even when inside PDF files or other types of project documentation. Search for projects by product category, product/brand name, or competitors' products.
- **Preferred Keyword Saving:** Save preferred keywords for future searches, and receive automated notifications when new projects are posted that contain your chosen keywords.
- **Get Matched Automatically:** PlanHub uses your profile to generate a list of relevant projects for you to review. When your company matches newly posted projects, you'll receive FYIs automatically via email, with a convenient link to respond directly in the app.

Lead Finder

Uncover new leads before anyone else.

- **Gain Early Access:** Explore early-stage projects and reach out directly to architects, developers, and owners with projects in early planning and design phases (over 99% of our projects have detailed contact information).
- **Visualize And Save:** View leads on an interactive map, save for follow-up, and collaborate with your team.

SIMPLIFY
