SUMMARY

With nearly 20 years in public health, I specialize in engaging, actionable health communication efforts. I bring expertise in strategic communication and social marketing, a strong track record in project management and product development, and a dedication to health equity. My core competencies include data-informed marketing strategy; writing and substantive editing; and translating science into clear, concise content.

EXPERIENCE

Senior Marketing and Communications Manager

Oct 2020 - Present

Suicide Prevention Resource Center, University of Oklahoma

- Developed weekly newsletter and marketing emails with a 39% open rate and 7% click rate on average in 2024
- Provides expert consultation on editorial style and messaging best practices; supervises copyediting staff
- Guides product planning efforts, including health communication strategy tailored for different audiences
- Leads marketing strategy, including audience analysis, channel selection, and partner engagement
