

Moving from NYC to Florida: Tips & Expert Advice

If you have decided to make the move from New York City to Florida, there are many things to consider. Florida is a big state and has a lot of big cities and rural living options. There are also beaches and climate differences you may not be used to.

Doing research is a great option for making the decision on where to live in Florida, and some of the best ways to have a seamless move.

Tips

When considering the move from New York City to Florida, you need to consider that this is a long-distance move. A long-distance move can be challenging, although it can be made easier with a long-distance moving company. Although, even with a company, you can still use some tips and tricks to make your move as easy as possible.

Give Yourself Planning Time

A long distance move can be stressful, and take several days to get complete. Planning ahead of time is a great way to stay ahead of the stressors that may arise. In addition, preparing a couple of weeks prior to the moving date can be helpful as you can begin packing up anything you will not immediately need.

Since this is not a local move, you usually cannot make any extra trips. Planning out the move ahead of time helps avoid this necessity.

Moving Boxes

When you decide to make the move, investing in durable moving boxes is crucial. While you begin to pack away all of your possessions, you will begin to see that many items can break if you are not careful. Good moving boxes help protect them from any potential breaks that may occur.

Pack Efficiently

While you pack, consider what you will need and what you can get rid of. This is a big move, and it can get expensive. To make the move more affordable, consider going through your possessions ahead of time and getting rid of items you do not need. This will help make the trip lighter and the unpacking easier when you get to your destination in Florida.

Stay Organized

Staying organized is another thing to consider when executing a long-distance move. In order to make sure that all of your possessions get to your new home, keeping boxes organized and labeled is key. Anything that is being moved along with the movers should stay packaged and labeled until it reaches your new home. This will help you avoid anything becoming lost while in transit.

Affordable Cities in Florida

If you have been living in New York City, you know that housing can get expensive. However, one of the best things about moving to Florida, is that it is more affordable than New York, depending on where you are looking to live.

Kissimmee

Kissimmee is one of the most affordable places to live in Florida. This is a city that has a lot of local entertainment and outdoor opportunities. Kissimmee is also close to all major highways, making it easy to visit other parts of Florida. If you are looking to move to a lively place in Florida, this is a great place to live.

- Population: 69,152
- Median Home Price: \$146,800
- Median Age: 33.6

Palm Coast

For someone looking for a part of Florida that has easy access to the ocean and scenic views, Palm Coast could be for you. This is a part of Florida that is popular among retirees who love

the outdoors. Also, since it is on the upper Eastern border of Florida, it is not as Hurricane prone as other places, making it more livable.

- Population: 82,893
- Median Home Price: \$185,300
- Median Age: 46.5

Cape Coral

Cape Coral is the largest city between Tampa and Miami. There are tons of canals here, making it great for people who love to fish or boat. You can also do many other outdoor activities and live along some of these canals.

- Population: 175,229
- Median Home Price: \$201,600
- Median Age: 43.4

Palm Bay

Palm Bay is in central Florida and is relatively small. However, this small city has many outdoor activities and scenic views. Additionally, there are many technology industries here, making it a great place to look for work.

- Population: 107,888
- Median Home Price: \$134,400
- Median Age: 40.6

Orlando

Orlando is one of the biggest cities in Florida, making it a tourist attraction. Although there are many theme parks, including Disney, there are also a lot of colleges and universities. There is also some of the best healthcare here, making it an attractive place to live.

- Population: 270,934
- Median Home Price: \$157,600
- Median Age: 33

Gainesville

Gainesville is a city with many trees and wildlife, making it great for photographers. There are also a lot of bars, restaurants, and nightclubs, making it a city that attracts many young people. Beyond the nightlife, there are museums, theaters, etc. There are ample activities to do in Gainesville, making it a great place to live.

- Population: 130,128
- Median Home Price: \$155,100
- Median Age: 25.1

Florida Home Styles

Florida homes have many architectural influences as Florida is very diverse. However, many Florida homes seem to have Spanish or Mediterranean influence as they are very close to those parts of the world. These Florida homes tend to be bold and have a two-story entry. There are also columns that embellish the entrance.

Florida rooftops tend to be slums, meaning they're slightly slanted. They are typically made with red clay tiles and a stucco exterior. The interiors of the home tend to be open, a style that is common in a beachside home. The backyard is also very open, typically having a deck or patio surrounding a pool. All of these features are commonly found in these Floridian homes.

Making the Move

If you have made the decision to move, consider that Florida is the third-largest state by population. If you are used to living in New York City, you are used to being around people. Florida may feel a bit smaller at first, but you will quickly adjust with all the social opportunities Florida brings.

This is a long-distance move, making it daunting for many people. However, hiring a long-distance moving company can take some of that stress off of those who are moving. The moving companies will take care of the hard work and labor of moving, leaving you to explore your new hometown in Florida.
