

# Buying in Bulk with Smokus Focus Top-Shelf Packaging: Why It Saves You Money on our Storage and Display Jars

While Smokus Focus has always kept customers satisfied with our high-quality display jars, the benefits don't have to end there. While our stash jars will always be available in small quantities, our Smokus Focus jars are also available for wholesale purchase. In addition, with our bulk packages, we offer packs of 10 at a fraction of the typical cost per jar.

## How To Buy In Bulk

To enjoy Smokus Focus' stash jars in wholesale quantities (and wholesale prices), you must first go to the Smokus Focus [website](#). There, the top menu will display different tabs and with each tab is a drop-down menu with various Smokus Focus jars. The third tab, "Buy in Bulk," will show the four different options: "Comet Bulk," "Comet Infinity Bulk," "Eclipse Bulk," and "Horizon Bulk."

After you have selected the Smokus Focus jar that is right for you, click on the drop-down menu that reads "Choose an option," where some color options will be available (Note: the Comet and Eclipse jars are only available in White, while the Comet Infinity and Horizon jars have the option of White or Black). You will then select the quantity, and standard purchasing procedures will follow.

## Customers Buying Smokus Focus Jars In Bulk

While buying wholesale stash jars may seem expensive or excessive, note that many of Smokus Focus's customers already do and are saving lots of money on their behalf. In fact, more than 90% of Smokus Focus customers purchase our display jars in bulk.

Not sure if that method works for you? Many of our customers fulfill different roles in the cannabis industry. All have a need for our jars, and everyone enjoys saving money. Small and large businesses alike purchase Smokus Focus wholesale prices: Dispensaries, Cannabis Growers, Hydroponic Supply Stores, Distribution Companies, Cannabis Delivery Businesses, and many more cut costs by utilizing these methods.

# Saving Money by Buying in Bulk

Buying in large quantities can be daunting and seems pricey, but Smokus Focus wholesale shopping actually saves you a lot of money once you break down the prices. In addition, the higher-end products save you even more once you buy them in bulk.

- The Comet (\$15.00 Single Unit)
  - Capacity: 3.5 grams

If you or your company needs to make a purchase larger than 100 units, you can contact a Smokus Focus representative, and they will help best meet your needs, and offer an even greater discount. You can contact us at (843) 466-5655 to get started.

## Compared to Other Wholesale Stash Jar Options

Other companies like MJ Wholesale, DHgate, Smoketokes, Four Aces Wholesale, and Blink Imports (among others) do not replicate our quality, prices, or customer satisfaction. In addition, our specialty stash and display jars are unparalleled in combining light and magnification.

The other sites are cluttered with different options of varying prices, quality, and aesthetics, which may cause consumers to be unsure about the products. Furthermore, who knows how it will show up when it arrives at your business?

Smokus Focus products are shipped by Amazon Fulfillment Services, and every bulk order arrives with free shipping.

## Customizing your Smokus Focus Jars

Another service we provide at Smokus Focus is customization with our wholesale pricing. This means you can make our already sleek and simple design of our four jars feel like your own. Additionally, custom stash jars are available to purchase in increments of 240 (if you'd like to purchase more than 480, your rep will help you further).

You will fill out your company information on our website, select your Smokus Focus stash jar model, select the number of jars, upload up to three logos, and select the colors of your jar and logos (there is a large list of Pantone [colors](#) available for customization). After reading the Smokus Focus Custom Jar Terms and Conditions and submitting the form, a Smokus Focus rep will be in touch with you within 48 hours.

Smokus Focus jars take around 50-60 days to produce after receiving the deposit. 50% Deposit is required upon start of the design process, and the second 50% is due upon jar completion and before shipment. You can further customize your Smokus Focus jars [here](#).

## Buy In Bulk and Save Today!

All in all, we at Smokus Focus want the consumer to have every reason to want to do business with us. Our unique breakthrough of combining light and magnification yields a stash jar of the highest quality that no one else in the market has. We also pride ourselves in developing a product that so many businesses use regardless of size and function.

With the additional option to customize your Smokus Focus jar, every stash jar can be special with your personal flare. The perks continue when purchasing at wholesale price, which saves you money with every purchase and jar. So don't miss out on a deal as big as this; act today and save!
