## New Construction - Frequently Asked Questions

What's the difference between new construction homes and previous builds?

A previous build is a home that is already built, and in many, if not most cases, has already been lived in. These are homes that range in age from more than one hundred years old to homes only a few years or less old. New construction means that everything is built brand new and to your agreed-upon specifications.

Why would a Libertyville, IL homeowner be better off with new construction?

Many Libertyville, IL homeowners choose new construction because they want to control the specific layout and features of their new house. Another great reason to opt for new construction is that new homes are generally easier to heat and cool and are more energy-efficient too. New construction also allows for the easier addition of smart home features and upgrades.

Is new construction more or less expensive to build?

When you work with Scotford Homes, we will work with you to create as many desirable design features as possible within your budget. The great thing about working with an experienced team like Scotford Homes is that we can use our knowledge to help you make effective decisions to get the most out of your home design.

Why should I hire Scotford Homes for my new home build?

Scotford Homes is a professional, skilled design-build team that is known for outstanding service and quality workmanship. We don't just build your house; we allow you to enjoy the creation of your dream home. We get to know you and collaborate with you because this is your home and your experience. We want you to enjoy not only your amazing home, but the beautiful memories you have of building it, for a lifetime.

What makes Scotford Homes unique versus other builders?

Scotford Homes has a unique and innovative process that allows us to deliver your dream home on time and on budget. We act as a single point of contact, streamlining workflows and managing correspondence to alleviate your stress and allow you to enjoy the magic of the building process.

Do you have other partners to help with the build-out?

Yes, Scotford Homes partners with leading industry specialists and professionals, including architects, engineers, consultants, contractors, and vendors, to create the many diverse aspects of your new home. An advantage of hiring Scotford Homes for your new build is that we have established relationships with well-vetted, reputable professionals within the industry that you can trust to do the job and do it right.

What locations does Scotford Homes serve?

Scotford Homes is your local Libertyville, Illinois home builder. Located close to Chicago and Lake Michigan, we serve the greater Chicagoland and surrounding areas. If you aren't sure if we serve your area and are interested in a new home, feel free to reach out to us to be sure.

Besides new construction, do you offer any other services?
