Meta Description: Are you in search of your next watercraft? There are countless options for buyers in the market looking for a fantastic machine, and the 2021 Yamaha VX Cruiser makes a perfect pick for most.

2021 Yamaha VX Cruiser Review

Yamaha's 2021 VX Cruiser series offers well-rounded machines that are great for hours of fun on the water. This watercraft series has become very popular due to its convenient features that seamlessly combine value and performance with a touch of luxury.

Package Options

Yamaha offers two different package options on the VX Cruiser. The standard VX Cruiser model is a comfortable model that is great for all-day excursions. The more expensive VX Cruiser HO is also a great choice, featuring slightly different add-ons from the VX Cruiser. The engine of the VX Cruiser HO is a more powerful option, but both are great choices for families seeking a midrange watercraft that will perform exceptionally.

Specs

Each of the VX Cruiser options comes with outstanding features that make them perform wonderfully without sacrificing comfort.

VX Cruiser

The VX Cruiser features a 3-cylinder, 4-stroke TR-1 High Output Yamaha Marine Engine, which provides plenty of power for cruising on the water. This model can handle up to 3 people and comes in two color options: White with Lime Green or White with Neon Lava.

Stretching 132.7 inches in length, 48.8 inches wide, and 47.2 inches tall, this model is a comfortable size. Storage has a capacity of 30.1 gallons, and the fuel capacity sits at 18.5 gallons.

VX Cruiser HO

Yamaha's 2021 VX Cruiser HO is all new in 2021, with unique design features for a premium experience. This model features a powerful 4-cylinder, 4-stroke, 1.8 Liter High Output Yamaha Marine engine that will deliver hours of lively fun out on the water.

Buyers have color options of both Lime Yellow and Lime Green. This watercraft can handle up to 3 people and weighs in at a dry weight of 794 pounds. The machine extends 132.7 inches and is 48.8 inches wide and 47.2 inches high.

Features

Both the VX Cruiser and the VX Cruiser HO provide superior features that optimize comfort and control for riders. From the newly designed footwells that help water drain to the updated seat design that improves comfort and knee grip for even smaller riders, this machine is a phenomenal choice.

Storage on these models is plentiful, with a compartment in the bow designed for easy access that is equipped with a specific area for the cooler bag accessory. Under the seat, riders will find more storage, as well as a water-resistant box that provides the perfect place for storing valuables and clothing that needs to stay dry.

Custom integrated audio that can be factory-installed if chosen makes for an even more entertaining ride. Equipped with 4 ½ inch twin completely waterproof marine speakers, a 2 channel amplifier, a low-voltage regulator, and a control pad with easy access, listening to tunes on the water was never so effortless. The watercraft also includes a multi-mount system that allows accessories to be affixed onto the machine, such as Bluetooth speakers, a GPS Fish Finder, or even cameras and smartphones.

Yamaha's RiDE dual throttle control system makes for a stress-free and effortless ride. No more worrying about maneuvering in tight spaces or around the dock - this feature makes controlling the watercraft a breeze with straightforward controls. With everything on the handlebars easily within a finger's reach, control of the craft is convenient.

VX Cruiser

The VX Cruiser model features the NanoXcel Ultra-lightweight hull and deck. Factory Installed integrated audio systems are optional on these models, allowing for riders to play their tunes out on the water. Additionally, this model is equipped with footwell drains for the prevention of water pooling.

Other features on this model include:

- Fuel management information
- Touchpad control
- Drive control and low RPM mode
- Reverse
- Pull up cleats
- Dual mirrors
- Watertight glove box with accent lighting and a USB and 12 Volt Outlet
- Upgraded reboarding step
- Multi-mount system
- Upgraded tow hook

This model is a fantastic choice for families looking for a versatile machine to see to their watersport needs. Buyers looking for cruising comfort will do well by choosing the 2021 Yamaha VX Cruiser.

Pricing starts at \$11,149.00

VX Cruiser HO

Like the VX Cruiser, this model has the same fuel capacity of 18.5 gallons and a storage capacity of 30.1 gallons. Also, like the VX Cruiser, this model is built with the NanoXcel ultra-lightweight hull and deck.

Other great features on the VX Cruiser HO include:

- Reverse
- Optional Factory Installed Integrated Audio System
- Drive control and low RPM mode
- Fuel management information
- Cruise Assist/No Wake Mode
- Touchpad control
- Cooler storage in Bow
- Under-seat water-resistant storage
- Watertight glove box with USB and 12 Volt Outlet and accent lighting
- Upgraded reboarding step
- Footwell drains
- Multi-mount system
- Upgraded tow hook
- Automatic bilge
- MF battery

The VX Cruiser HO is a class-leading watercraft that effortlessly brings top-tier performance and comfort. This model is a great choice for buyers looking for a watercraft that has more power than the VX Cruiser, but who enjoy the style and features of the model.

Pricing starts at \$12,049.00

Why Purchase A 2021 Yamaha VX Cruiser?

The 2021 Yamaha VX Cruiser is an excellent choice for buyers because it provides outstanding performance, value, and versatility. In addition, the Yamaha VX Cruiser HO has been a best-selling personal watercraft model for many consecutive years. That in itself speaks volumes about their quality and reliability.

For those in the market looking for the perfect watercraft that will provide both themselves and their family plenty of power and comfort, the 2021 Yamaha VX Cruiser is an excellent choice. It provides buyers with a seamless mix of both luxury and performance, with ease of handling and features that make time spent out on the water all the more fun. For buyers sifting through the market, trying to decide on the perfect machine, the 2021 Yamaha VX Cruiser is definitely one to keep in mind.
