

Ladderback Bar Stools for Cafes and Bars | Richardsonseating

MetaDescription:

Richardson Seating has been providing quality ladder back bar stools of various shapes and sizes since 1950. Just select your preferred style and color options, and your premium American welded and assembled cafe bar stool will be on its way to your home or business.

Ladder Back Bar Stools

With our ladder back bar stools, your comfort is guaranteed. Our ladder back bar stool is made using solid European beech wood. The bar stool joints are glued together, and metal brackets are used to ensure further rigidity. We can customize the barstool to your liking too.

Besides European beech wood, we also have a ladder back barstool made using solid beech wood. If you want, we can also provide you with a swivel metal bar stool and adjust the length as per your choice.

If you're on the hunt for a ladder bar stool, we can provide you with that too. With these bar stools, you can choose between a wooden seat or an upholstered seat. If you're going with upholstered seats, then we can provide you with any color you want. The upholstered seats are made from plywood, which gives them extra rigidity.

If you are looking for a ladderback rush seat bar stools with minimum upholstery, you can choose our Drake Bar Stool. This bar stool comes with decorative nails on the backrest. Although this bar stool is made from standard plywood, you can select any standard wood finish if you want.

Café Style Bar Stools

If you're looking for café style bar stools, we have many products you can choose from. Our bar stools are mostly made with beech woods, and we have plywood wood finish too. Whether you want a wooden seat or upholstered, we can customize the barstools to your liking.

Metal Ladder Back Bar Stools

Among café bar stools, we have many products; you can choose between classic, metal, and wooden bar stools. Our metal ladder back bar stools are locally powder coated, so you can choose any color you want. You can further customize these barstools and choose between wooden seats or upholstered seats. If you're going with a wooden seat, you can choose a stain color to your liking.

Besides ladderback bar stools, we also provide metal café bar stools in different variations. Whether it's a double ring bar stool or a single ring bar stool, we can provide it. You can also opt for a mesh back bar stool, but it's non-swivel. If you're taking the upholstered seat, you can choose any color for the seat as you please.

Wood Ladder Back Bar Stools

If you're looking for wood ladder back bar stools, we provide that too. These barstools come in different finishes, such as European beech wood, solid beech wood, and plywood. The joints of these wooden ladder back bar stools are glued locally, and metal brackets are used for extra rigidity. We can also customize the bar stools to your preference, and you can choose any wood stain you want.

Besides these, if you're looking for a combination of both metal and wood ladder back bar stools, we have that too. With these bar stools, the customization options are endless. You can choose to have different finishes, types of backrests, and stains.

These bar stools can be used as café bar stools or as classic café counter stools too. We can adjust the height of these barstools between 24 inches to 30 inches. With these bar stools, the customization options are truly endless. Any color or backrest you want, we can do that.

Other Options

If you want a non-swivel metal and wood ladder back bar stool, we offer that too. With these bar stools, you can customize the back according to your preference; you can choose between solid, slots, or any other design you wish. If you're planning to use these for commercial use, we can etch the logo on the back too.

If you're looking for bar stools for a café without any backrest, check out our Johnson bar stool. With these bar stools, you can customize both the finish and the upholstery seats. These are made from solid European beech wood.

Ladder Back Counter Stools

Besides these, we also offer ladderback counter stools, both in metal and wood. Our wooden ladder back counter stools are made using solid European beech wood. The joints of the bar stool are locally glued, and we use metal brackets for better rigidity. Also, you can customize the upholstery and the finish of it to your heart's content.

Our metal ladder back counter height stools are locally powder coated; this gives you the freedom to choose any color you want. When it comes to the seat, you can select between upholstery or wooden steam. Whatever your option is, we can provide you with any color you want.

So, whatever you're looking for, whether it's classic café stool or commercial ladderback stools, we have it all. With us, your option for customization is endless. Whether it's the finish of the bar stools, the holes in the backrest, the backrest itself, or the wood stain, we have many options available. We can also etch the logo on the backrest if you want.
