### Solutions

Logitech's Rally and MeetUp, featuring RightSense™, use advanced technologies to make virtual meetings feel personal.

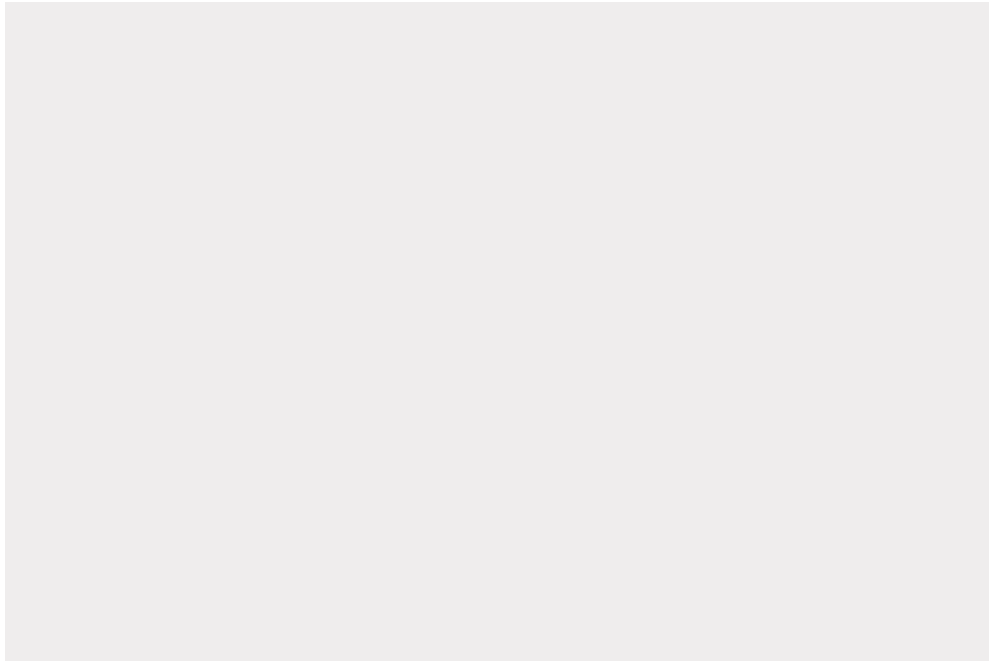

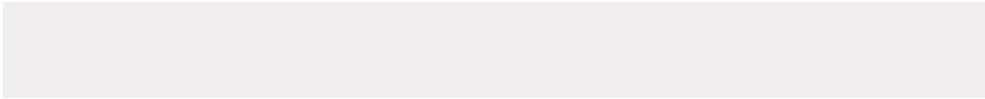

DEFINE YOUR NEW NORMAL. CONSULT WITH AN EXPERT TODAY.

LET'S TALK

## STAY FOCUSED AND TUNED IN TO EACH ATTENDEE

Proactive technologies like RightSense™ from Logitech give you easy-to-access, efficient meetings with no manual setup, intervention, or support required.

-  **RIGHTSOUND™ OPTIMIZES THE HUMAN VOICE AND ENHANCES CONVERSATIONAL CLARITY**
-  **RIGHTSIGHT™ AUTOMATICALLY MOVES THE CAMERA AND ADJUSTS THE ZOOM, SO NO ONE GETS LEFT OUT OF THE PICTURE.**
-  **RIGHTLIGHT™ HELPS EVERYONE LOOK THEIR BEST ON CAMERA, REGARDLESS OF LIGHTING CONDITIONS.**

### SEAMLESSLY START, JOIN AND SCHEDULE MEETINGS

Prepare for remote or in-person video meetings with a seamless, integrated setup. Video conferencing room solutions with Logitech Tap include one-touch join, calendar integration, instant content sharing, and always-on readiness.

Already configured software from Google, Microsoft, or Zoom, Logitech Room Solutions include the components needed to launch and run meetings that reach all attendees no matter where they are located.

### ENGAGE WITH ATTENDEES IN-PERSON OR REMOTE

When your teams need to share information, Logitech Scribe make it easy. Scribe's AI-powered whiteboard cameras work seamlessly with Microsoft Teams@ Rooms, Zoom Rooms™, and other leading video conferencing services to share whiteboard content during video meetings with outstanding clarity, giving remote participants can have the best seat at the table.

Speakers can display their visuals with confidence using Scribe's wireless share button, or initiate sharing with a meeting room touch controller, like Logitech Tap.

### RETURNING TO WORK MADE EASY WITH COMPLETE ROOM SOLUTIONS

IDS expertise and experience not only offers technology solutions, but the insights and expertise that can help you look at how your employees work, what makes them happy, and keeps them engaged.
