

## ADVANCES IN QUALITY & OUTCOMES: A Data Managers Meeting

September 29 – October 2, 2020 ■ VIRTUAL

### Welcome to Day 4: Congenital Heart Surgery Database (CHSD)

#### TODAY'S HIGHLIGHTS

- Start your day with [Breath Work and Meditation](#) at 8:45 a.m. CT.
- Join [Case Scenarios](#) at 10:00 a.m. CT for information on abstracting and coding CHSD cases.
- Watch [Risk Model](#)—a presentation on data components and the relationship between the risk model and outcomes—at 12:00 p.m. CT.
- Tune in at 1:30 p.m. CT for [STAT Update](#) to learn the process for updating STAT scores.
- Listen to [What Data Managers Want to Know](#) at 3:15 p.m. CT, where questions related to the data collection form will be answered.
- Visit the [exhibit hall](#) and check out vendor booths and access resources.
- Find out which [E-Poster](#) received the [2020 Dorothy Latham Poster Award](#).

#### ON-DEMAND HIGHLIGHTS

- Check out the [President's Welcome](#), available on demand and found in the left-hand navigation.
- View [Adults with Congenital Heart Disease](#) on demand to learn more about collecting data on this patient population.
