Create & assign tasks easily

Stay on top of your task by setting goals, defining timelines and tracking progress. We help you conquer your project milestones faster.

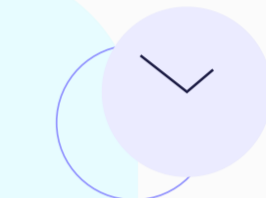

1

Keep costs in check

Automatically calculate hourly rates of your extended workers to cut costs and manage expenses judiciously.

2

Pay on time, every time

Make payments hassle-free and secure by choosing from global payment options such as Stripe, ACH, PayPal, or credit card.

3

4

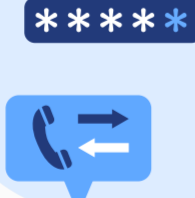

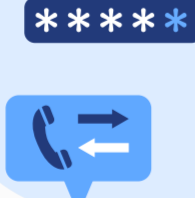

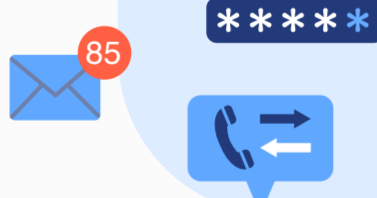

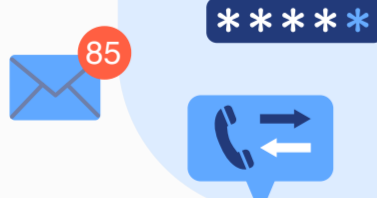

Automate invoice creation

Generate detailed invoices and track every step of the invoicing process from one intuitive platform. Assign various departments with relevant invoice roles and get payments done faster and on time.

Support when you need it

Timely support and assistance over email, live chat, or over phone helps you troubleshoot issues immediately.
