# An all-in-one Contractor Management SaaS Platform

to automate and streamline all aspects  
of your freelance workforce -  
minus manual processes!

# About us

Managing contractors alongside your full-time employees can be complex, often resulting in wasted hours, higher costs, inefficient processes, and lower productivity. With Freelance Central (FC) - America's first end-to-end, cloud-based contractor management platform - you can simplify contractor onboarding, task management, invoicing and thorough tax compliance with federal and state tax regulations.

The platform enables you to automate and consolidate the entire freelance management lifecycle in one place - improving transparency, process, compliance and cost-saving opportunities.

By centralizing all of your contractors' onboarding documents, task lists, invoices, payments, and tax forms on a single platform, Freelance Central provides quick and easy access to all aspects of their engagement with your company.
