The key to processing millions of documents every day with incredible accuracy and speed? It's our proven Quality Management Framework.

Our team has been delivering quality data processing to financial firms for over a decade. In fact, we kind of wrote the book on outsourced data processing for the finance industry.

According to McKinsey, [#underwriting](#) as we know it will cease to exist by 2030. 🌟

Even with the projected level of future automation, we know the need for humans will live on. After all, underwriting is as much art as it is science.

It's going to be a busy June in London 🇬🇧

Tobacco Dock will be home to not one, not two, but THREE innovative data science and AI conferences—and the [CloudFactory](#) crew will be attending all three:

- 1 [Open Data Science Conference \(ODSC\) Europe](#)
- 2 [The AI Summit](#)
- 3 [Tech and AI Live](#)

Will you be there?

[#ODSC](#) [#AISummit](#) [#TechLIVE](#) [#TechAiLIVE](#) [#LTW2022](#) [#ODSCEurope](#)

The graphic features a blue background with a central orange car icon surrounded by concentric blue circles representing a sensor range. To the right, there is a blue car icon and a smartphone icon. The text reads: 'Drive Innovation this June in London! We'll see you there! ODSC Europe 2022 (15-16 June) The AI Summit (15-16 June) Tech & AI Live (23-24 June)'. The CloudFactory logo is at the bottom left. Below the graphic, it says 'You and 15 others' and '2 shares'.
