Discover the Everfi Difference

Unparalleled Reach

3 in 5 U.S. school districts use Everfi. Our courses have reached more than 46 million students to date.

Content That Delivers

We provide financial literacy and life skills education and engagement for every life stage.

Robust Reporting

Our powerful reporting capabilities offer clear visibility on reach, engagement, and true outcomes.

When businesses share practical knowledge, students connect to critical life skills, adults connect to new opportunities, and companies like yours connect to the ROI of meaningful engagement.

Bridge the Gap

Students need financial literacy and life skills education. Schools need partnerships and support to deliver it.

Engage with the Rising Generation

By sponsoring standards-aligned courses in local schools, you'll build lasting relationships with K-12 students and their families.

White-Labelled Courses

Capture extended, distraction-free attention as students work through sponsored programs.

In-Person Opportunities

Deepen your impact through employee volunteering in the classroom.

Next-Level Impact

Explore premium options that go beyond the classroom, like scholarships, internships, and wealth-building accounts.

We Are Everfi

We connect financial institutions and other businesses to schools and communities that are hungry to learn, while empowering organizations to build positive workplace cultures. Acting as a trusted partner and guide, we deliver financial education, essential life skills education, and workplace compliance training that meets demonstrated needs and forges deep connections between the private sector and the communities they serve.

Real success starts with connection. And connection starts with Everfi.

Mission

Uniting businesses and communities to equip learners of all ages with financial empowerment and other essential life skills.

Vision

A world where businesses and the communities they serve thrive together.

OUR APPROACH

Changing What's Possible Through Trusted, Scalable Learning

We combine exceptional, proven education content for learners of all ages with unmatched access and infrastructure in schools and communities—all built on a foundation of trust, robust data, and actionable insights.

Grounded in Community

With teams on the ground throughout the U.S. and Canada, we have an informed, region-specific understanding of classroom and community needs. This location-based approach allows us to design and deliver standards-aligned digital education and connection through engaging in-person events.

Home to Industry Thought Leaders

Our team isn't just keeping pace with the financial and life skills education industry—we're helping set the standard through ongoing research and exploration. You can count on Everfi's leadership for insights about how to best fulfill the need for essential skills development in a rapidly changing world.

Designed to Deliver

Our unmatched collection of cloud-based digital courses offers the speed and flexibility to meet the demands of a growing network of K-12 and adult learners. It's a system intentionally designed to work in a range of education settings and built to analyze data and prove impact.

Regulatory-Aligned Resources

You're not just checking a box with Everfi resources—you're enabling effective, skills-based education to reach the communities that need it most. And with Everfi's robust data and reporting, it's easy to meet regulatory requirements like the Community Reinvestment Act (CRA).

Reasons to Believe

We've worked closely with districts across North America to create courses that meet state mandates and comply with the most rigorous privacy and safety standards.

The best part? They're available to schools at no cost. Regional financial institutions and other businesses sponsor our services, because everyone benefits when kids have the skills they need.

Attention-grabbing Lessons

Our menu of 100% digital courses along with robust offline extensions keep your students engaged at every step.

All-in-one Courses

Our fully integrated digital grading and assessments free you to focus on other priorities.

Skilled Local Support

We're in your community! Together we can find new ways to get the most out of Everfi.

“

Our district's Everfi experience has been nothing but positive. Teachers tell me that they're so appreciative of the interactive, curriculum-related STEM resources that can be utilized in lesson plans. They've truly enjoyed the resources and have found them to be very practical with real-world applications. Well done Everfi!
