

The Final Women by Pardeep Aujla
Released: 15th June 2022

[Amazon rating: 4.2](#)

[Goodreads rating: 4.21](#)

"I find it so important in this genre of horror that you are able to root for the 'final girls' - and this is the first time I've felt that was done successfully. This is mainly down to how BRILLIANTLY drawn the actual final 'women' are in this one." - [constantreader89 \(5 stars\)](#)

"Works beautifully as a modern slasher novel that's smart, but not trying to be clever." - [CriminOlly \(4 stars\)](#)

"The Final Women was fun in a way the best 80's slashers are. Gory, over the top, and wickedly funny." - [Diversity Horror \(5 stars\)](#)

"At its core this novel hits the point of what I always loved about the Slasher genre on its bloody head, it beats the nail through to come out on the other side. It is fun and entertaining, gory, heartfelt, a story to suffer and rally with the protagonists." - [Jessie \(Zombie_likes_cake\) \(5 stars\)](#)

"SOMEONE PLEASE MAKE THIS INTO A MOVIE!" - [lilias \(5 stars\)](#)
