DEMDACO®

Welcome!

After more than 20 years in business, we're excited to present our first DEMDACO® catalog—just in time to help you and your family find the most meaningful Mother's Day gifts. This tradition of celebrating mom has brought generations of families together to show gratitude for all she has done to help us thrive.

At DEMDACO we are blessed to work with talented artists every day. We love watching them flourish, creating gifts that bring people together. That is why we are passionate about empowering our artists to create.

Artist Sharon Nowlan, featured on this page, is a new member of our family. We couldn't be more excited to watch her create elegant, nature-inspired pieces from the small, coastal town of Pictou, Nova Scotia. Her work was sparked by a handful of pebbles—gifts from her son—gathered during a day at the beach. Inspired by their natural beauty and texture, the stones were given new life as sea-softened, emotional depictions of grandparents and children.

You'll discover heartwarming stories behind the gifts and artists featured in this debut catalog. Our belief at DEMDACO is that gift giving should foster a bond between the giver and receiver. We aim to create beautiful products that help you express your unique sentiments. We also believe giving goes beyond product. Through all our actions we strive to "Lift the Spirit" in times of celebration, when comfort is needed, or just to put a smile on someone's face.

We hope you will find something here that will enhance your gatherings this season, and Lift the Spirit of someone special in your life on Mother's Day.

Artistic Visions Crafted by Skilled Hands

DEMDACO is an artist-driven brand, which means that we partner with creative, passionate people who express themselves through a wide-range of styles and mediums. We work with more than 100 artists—each gifted in their own, imaginative way.

TOP: Artist Sharon Nowlan in her studio. BOTTOM: A skilled artisan creating detailed reproductions by hand.

We're also proud that our artisan gifts are 100 percent handcrafted by skilled hands overseas, in factories run by carefully-selected manufacturing partners. Paying extra close attention to details, these masterful craftspeople take great care in bringing an artists' visions to life—from each hand-sewn thread on a Giving Bears' nose to the tiniest paint stroke on a Willow Tree® figure.

This is nothing new for DEMDACO. We've developed lasting and meaningful relationships with artists that span years—some dating back to when the company was founded more than 20 years ago—and we continue to discover new talent.

Our thoughtfully-designed, specially-crafted products focus on life's extraordinary—and everyday—moments. Learn more about the artists whose visions and expressions make the items in this catalog so unique by visiting www.demdaco.com/artists.

Willow Tree® Story

Susan Lordi's artistic process is rather intuitive; she "sketches" in clay as she conceives, sculpts and carves each Willow Tree piece, always with a focus on gesture that speaks to the universal.

By stripping down the essence of emotion to pure form, she opens the interpretation of each piece to the giver and the receiver. This one-of-a-kind approach to product creation makes her pieces truly individual... her hand, and her unique perspective, is evident in each sculpture.

Inspired by Children

Working in a mix of media that includes everything from acrylics and watercolors to torn paper and clay, Lori Siebert constantly experiments with new ways to create her signature artwork. Finding inspiration from her kids' drawings, an old quilt, or an off-beat piece of folk-art,

LORI SIEBERT
artist

her insatiable curiosity, a whimsical design sense and fresh approach to color and sentiment, give each collection its own unique personality.

In the Noah's Ark collection, featured on the left, Lori brings the Biblical story of Noah and the Ark to life for little ones through unique animal designs on pieces such as plush animal figures, a soft book, blankies, and nursery keepsakes such as the Noah's Ark Lion bank.

"Whenever I design for a baby collection, my grandchildren are top of mind. I always look for that emotional tie whenever I design for DEMDACO. It is part of their brand to touch the heart. Plus, I love to hand letter," Lori said. "That is what may make the Noah collection feel somehow similar to my Poetic Threads collection. I am proud of the writing on the plush animals. I think about my own grandchildren when I write those emotional messages."

Baby Talk

- On an average, babies laugh 300 times a day while adults laugh only 60 times.
- Babies will sleep, on average, 5,400 hours in the first year.
- Most babies go through more than 2,000 diapers in the first year.
- Most newborns will lose all the hair they are born with in the first three or four months of life.
- Human infants are the only species that smile at their parents, and their first social smile appears 4-6 weeks after birth.

The Kitchen Boa®

For Laura Laiben, founder of The Culinary Center of Kansas City™, cooking is about so much more than making meals—it's about the magic that happens around the table.

Laura is always on the lookout for kitchen tools that are convenient and efficient—anything to make her job as chef easier so she can enjoy the experience. The Kitchen Boa is a

brainchild of that philosophy. With the dish towel tucked neatly around the neck, instead of precariously tossed over the shoulder, this all-important kitchen tool is handy, clean and worry-free.

DEMDACO *gives back*

Lift the Spirit Days

At DEMDACO, we're committed to the notion that business does not have to be solely a financial endeavor. It is first, and foremost, a human endeavor. That is why we strive to Lift the Spirit as our mission. This perspective shapes us, particularly when it comes to community involvement. It is one of the ways we're able to live out our Lift the Spirit mission.

Community involvement is an important way that we measure whether we are lifting spirits. It might be with a financial donation to an organization or a product donation for a fundraising event. It's also the way our colleagues use their community time off. Each year, DEMDACO colleagues receive five paid Lift the Spirit Days to volunteer at the organization of their choice. It is one of the ways we believe best demonstrates our Lift the Spirit mission. Both the DEMDACO colleague and the community benefit.

DEMDACO colleagues work together on a community project as part of our 2018 company-wide day of service.

Children's Mercy Holiday Shop

DEMDACO has been a Children's Mercy community partner for more than 15 years. We work together to lift the spirits of those in the Child Life Program, which empowers patients and tries to make the hospital experience more comfortable for children and families through activities and interactions. Children's Mercy Hospital in Kansas City has one of the nation's largest Child Life programs. Our city is fortunate to have this great organization.

Seven years ago, DEMDACO started an annual tradition of bringing a holiday shop to Children's Mercy patients and families. This one-day event transforms the hospital's community room into a magical space for inpatient children to have the fulfilling experience of secretly shopping for their loved ones. The shop's products and event volunteers are all from DEMDACO.

Each patient is provided with "DEMDACO Dollars" and a personal shopper who helps create an individualized experience and assists the patient in selecting just the right gifts. This gives patients an opportunity to escape their medical experience and exert their choices—often limited while in the hospital. The DEMDACO shop has brought joy to more than 300 patients and their families. This opportunity allows them to secretly shop for the holiday season, wrap gifts, and surprise loved ones.

Children's Mercy patients browse for gifts at the 2018 DEMDACO holiday shop.

The Mom Fund

We value relationships with other local businesses that strive to Lift the Spirit, and love highlighting their stories. More than five years ago, Kansas City's Unruh Furniture launched Tables for Moms — a program through which single mothers are nominated to receive a free, customized table each month. To date, 56 tables have been given to single moms across the KC metro. We're delighted to feature one of these tables on pages 32 and 33.

Photos courtesy UNRUH Furniture.

Through the course of the program, Unruh delivery workers recognized the needs of families receiving tables went far beyond furniture—many mothers also lacked food and money for bills, and required assistance with appliances and home maintenance.

This inspired Unruh to create the Mom Fund to help meet those extra needs. Funded through the sale of t-shirts,

Unruh's website explains: "Not everyone can build a table, but everyone can buy a shirt." They use the money from the t-shirt sales to assist the single moms receiving tables with some of those other needs..

Visit unruhfurniture.com/momfund to learn more about how Unruh Furniture is working to make its local community a better place.

Butterfly

*Resilient, determined, courageous and beautiful...
 You have the qualities to transform your world*

“When I think of the monarch butterfly, I am reminded of courage and strength in the face of adversity. A magical metamorphosis...from tiny egg to hungry caterpillar to brilliant chrysalis spotted with gold, the butterfly finally emerges a dazzling beauty. Delicate and fragile, yet determined and resilient, it forges its way for hundreds of miles along a migration route of obstacles and erratic weather patterns, compelled to complete its miraculous journey. I see the monarch butterfly as a true metaphor—for the desire in each of us to be our best, to live resiliently, to thrive, to make a positive difference in the world.” – Willow Tree® Artist Susan Lordi

DEAN CROUSER
artist

Dean Crouser's distinctive collection of accent décor brings a little natural beauty to any gathering. Pieces in his collection include unique keepsakes such as the vase on the opposite page, and serving ware featuring vibrant watercolor or works of nature, equine, floral and songbird motifs.

Dean was born and raised in Oregon, where summers were spent camping and fishing in the foothills of Mt. Hood, the Columbia River Gorge and the Central Oregon High Lakes. This adventuresome childhood fostered a love of fishing,

camping and the great outdoors that can be found in the expressions of Dean's art. When it comes to painting, Dean strives to say the most with the least, keeping his watercolor work fast and spontaneous. His goal is to capture the relatable beauty and simplicity of a scene.

We know Dean as the artist behind popular collections of mugs, lamps, vases and wall art, all vividly adorned with his paintings of song birds, wild flowers and wild life. A true master of watercolor and making everyday objects stunningly beautiful, Dean is also known as a star of track and field—he was a three-time NCAA champion and still holds school records in discus and shot put at the University of Oregon, where he is in the school's Hall of Fame.

Artist Profile: Sharon Nowlan

Sharon Nowlan grew up drawing, painting and creating in a variety of media in Pictou, a charming, old seaside town in Nova Scotia, Canada—home to people who fish, farm, sing, dance and hang their clothes outside to dry. It's a friendly place centered around community and family.

SHARON NOWLAN
artist

The spirit of Pictou's diverse landscapes and welcoming residents flows through her serene work — a mix of items found in nature

and other materials carefully arranged into uplifting designs that celebrate meaningful relationships and special places.

Now, widely available in highly-detailed artisan reproductions, Sharon's artwork is a DEMDACO top-seller, and her Collection was recently expanded to include new pieces inspired by the soft hues of blue and green sea glass for added touches of color and depicting a wider range of engaging subject matter.

The Gatherings Collection

DEMDACO's creative team developed the Gatherings collection to celebrate the blessings of friends and family during the moments we're fortunate enough to be together. The product centers around the time we share and how valuable and memorable those gatherings are. They give our lives meaning, generate unforgettable bonds and create memories that last a lifetime. The serving pieces we use at these gatherings often become intertwined in those memories. You'll hear someone say, "My mom always used that bowl for family dinners," or "that lazy Susan was always in the middle of the table at every meal."

Pieces in the collection are meant to be as timeless as the materials used to create them—soft-edged wood and ceramic serve ware and uniquely sewn-together fabric pieces with extra stitching to accent specific details—all created for special gifting on nearly any occasion. Since its introduction in 2017, the line has grown to include new standout pieces such as the ceramic bread basket and utensil pocket placemats.

The Gatherings Collection reflects the important rituals of family in the kitchen or around the table. Warm, neutral colors and materials complement many styles found in any gathering space.

See details for Gatherings collection pieces on the next page.

The Gatherings collection is based on this sentiment:

In this home
We gather together with friends and family,
For they are life's greatest blessings.
We give thanks in everything,
for our blessings are bountiful.
We live simply and show gratitude,
For in simplicity we find meaning.
We love generously and with full hearts,
For love is the greatest gift of all.
