

# Frontier Office Mobility Solutions

Advanced solutions that can help you stay connected in today's mobile environment

## The Changing Wi-Fi Landscape

Today's wireless environment is constantly evolving. People have come to expect Wi-Fi connectivity everywhere they go—from airports to dentists' offices to shopping malls. They are using laptops, tablets, smartphones, and other wireless devices to access the Internet, anytime, anywhere.

Businesses are now upgrading Wi-Fi technology to ensure that employees, customers, suppliers, and business partners are always connected, which can lead to more efficient processes and enhanced productivity. At Frontier, our Business Edge Specialists are ready to help you take your business to the next level and stay connected in this increasingly mobile culture.

## Why Frontier?

Businesses depend on Frontier for mobile solutions designed to attract customers and keep employees connected to the Internet. Our experts can help you develop a strategy that will support your Wi-Fi needs with no upfront capital outlay required. Plus, with our 24/7/365 U.S.-based technical support, help is always just a phone call away. When you partner with Frontier, you can count on total reliability.

## Products & Solutions for Businesses

<p><b>Managed Wi-Fi Anchor</b></p> <p>Frontier's Managed Wi-Fi Anchor Tenant solution can be tailored to fit your needs. Wi-Fi Anchors are ideal for hotels, schools, hospitals, and municipalities. Whether you need indoor or outdoor service or coverage in a single room or multiple buildings, Wi-Fi is monitored and managed remotely by Frontier technicians.</p> <p>LEARN MORE</p>	<p><b>Managed Wi-Fi Hotspots</b></p> <p>With a Wi-Fi Hotspot, you can give customers and visitors Internet access while they're waiting. Frontier Managed Wi-Fi Hotspots remain separate from your company's wireless network, so your private information is kept safe and protected. Customers can enjoy Wi-Fi Hotspots in restaurants, cafes, coffee shops, and waiting rooms in a variety of businesses.</p> <p>LEARN MORE</p>	<p><b>Frontier Managed IP VPN</b></p> <p>Frontier's Managed Internet Protocol Virtual Private Network (IP VPN) is the solution to support location-to-location connectivity. We can help you keep your offices and employees connected, no matter their location.</p> <p>LEARN MORE</p>
<p><b>Conferencing</b></p> <p>Frontier Audio and Video Conferencing is designed to help you instantly connect with customers, business partners, and remote employees. You'll have the freedom to conduct meetings on-demand and reduce travel costs, and there are no time limits.</p> <p>LEARN MORE</p>	<p><b>BYOD</b></p> <p>Frontier can help your business implement a scalable Bring Your Own Device (BYOD) solution, ensuring your company data remains secure and isn't compromised. Employees can conveniently and seamlessly use their preferred mobile device in the workplace.</p> <p>LEARN MORE</p>	<p><b>Secure</b></p> <p>With Frontier Secure, you can protect your digital property and important data against loss, theft, or corruption. Our state-of-the-art security solutions include coverage for accidental damage, mechanical failure, and advanced malware and spam protection.</p> <p>LEARN MORE</p>

## CASE STUDIES

<p><b>Frontier Partners with Rochester International Airport to Provide Free Wi-Fi</b></p> <p><i>Rochester, NY</i></p>	<p>Frontier helps people at the Rochester International Airport stay connected with Managed Wi-Fi. From baggage claim to check-in counters to gate areas, travelers, visitors, and airport employees can work and play online—and it's all free.</p>
<p>When Town Toyota Center needed to install commercial Managed Wi-Fi, the company chose Frontier because of its local team comprised of sales and service personnel, Wi-Fi technicians, installers, and a General Manager available day or night.</p>	<p><b>Town Toyota Center Chooses Local Provider for Upgrades</b></p> <p><i>Wenatchee, WA</i></p>
<p><b>Frontier Plays Key Role in Wi-Fi Installation</b></p> <p><i>Burnsville, Minn</i></p>	<p>When the Nicollet Inn needed Managed Wi-Fi installed within two weeks—to comply with Best Western's strict policies and deadlines—they turned to Frontier.</p>
