

# 1.618 GROUP & DISCOVERY BANK

*Brings you an opportunity not to be missed!*

## DEAR VALUED STAFF MEMBERS OF THE 1.618 GROUP!

We have been working on an opportunity with Discovery Bank to bring enhanced benefits and value to you, our valued 1.618 staff member, through a banking proposition that we believe will add tremendous merit to you. We would like our staff to experience the benefits that Discovery has to offer, and the Banking product is a fantastic case in point to further your experience with the Discovery Platform.

This opportunity will not only add value to you, but will also add to the immersion into the Discovery framework offering you a better insight into what we are introducing to our clients.

**Are you getting the rewards you deserve?**  
See how our rewards compare to your current bank

**The Future of Banking. Now.**

As such, we have negotiated very favourable introductory rates with Discovery Bank for a limited time period. The idea is to bring you into the Banking fold, switch your salary deposits into Discovery Bank to enjoy the following benefits:

- Reduced banking fees
- Reduced lending rates on credit cards
- Higher interest earning on savings and transactional accounts
- Zero transaction fees on bundled packages
- Discovery Miles- the most lucrative rewards currency in the banking market!

The window opportunity for the onboarding would be from February to the end of April, and the process will be handled by one of our Advisors - Jeff Ostrom. This onboarding will also be facilitated by a team from Discovery Bank to ensure correct allocation of the Discovery Miles that Discovery Bank has offered exclusively to 1.618 staff.

All staff members who are interested must please contact Jeff Ostrom, Sanet Cornelissen, or Chante Holmes from his office. They will collate all the new accounts and help with salary transfers to Discovery Bank through the finance team and ensure that the Discovery Miles are allocated as promised.

## HOW THE INCENTIVE WILL WORK

Employee Discovery Miles incentive.

We'll give each employee who deposits their salary a **once-off Discovery Miles payment of 2,500 Discovery Miles after their first salary deposit has been made.**

Once the first salary deposit has been received and the Discovery Miles awarded, there are no specific restrictions on how the employees use the Discovery Miles outside of the standard Discovery Miles terms and conditions.

In addition to the Discovery Miles for a salary deposit, employees who opt for a Discovery Bank Credit Card Account or Discovery Bank Suite could also earn up to 5,000 Discovery Miles as part of the standard 'Welcome Miles' incentive.

We encourage you strongly to take advantage of this amazing offer that Discovery Bank has made available to our company.

*Best regards,*

**CANDICE GILES &  
TYRONE HODGSON**

**Jeff Ostrom** will be managing this project and for any queries, please reach out to: email [jeff@1618.co.za](mailto:jeff@1618.co.za) or call **082 853 4276**

### Discovery Bank Wins Best Digital Bank of 2023

Discovery Bank won the 2023 MyBroadband Award for Best Digital Bank of the Year. According to MyBroadband, they were selected due to "the excellent features and services its banking app offers, along with its outstanding usability and integration with a variety of internal and external platforms."

The online platform also said that the bank's central theme in its success has been constant innovation. Discovery Bank offers a fully-online application and approval process when opening a bank account. Features include Apple Pay support and the option to open foreign currency accounts.

It is also expertly integrated in the Discovery ecosystem and users can view their medical aid account, book flights via Vitality Travel, and earn Discovery Miles which is based on spend and positive financial decisions. Discovery Miles can be spent at a variety of online stores and platforms. It can even be sent to a Discovery Pay contact or converted into cash. We are amped to see what they come up with next!
