

HN COLLECTION SERVICES
**COMPANY
REBRAND**

DEAR VALUED CLIENT,

Today, HN Collection Services announced a major rebrand to become 1.618 Collections. The 1.618 brand has a large footprint throughout South Africa and is widely recognised in the insurance and financial industries. Therefore, our services are staying the same, but we are forming part of the incredible 1.618 team

We still do what we do best, but with a new logo and name on the front door. Maintaining brand consistency across the group is one of our number one priorities, and our clients will benefit greatly from it.

The name and logo change will not affect any existing clients or contracts. Clients now only have more at their disposal if need be. Be aware that we are still legally registered as HN Collection Services, though we are now trading under the name of 1.618 Collections.

If you have any queries, please don't hesitate to contact me.

IAN BRYANT

Business Development Director
