Dear

Membership in the Atlanta Botanical Garden is a year-round ticket to an oasis of fragrance and color in the heart of Midtown Atlanta. Since 1976, the Garden has been a source of tranquility, relaxation, and education for its members. Come September, a new innovative garden across a magical Flower Bridge will come alive with the sounds of laughing children. This major addition will delight members of all ages!

Never before has there been an attraction of this kind in Atlanta. The Atlanta Botanical Garden is proud to announce the Member Grand Opening Days of the Children's Garden Wednesday and Thursday, September 15 and 16, 1999. As a new member, we'd like for you to be among the first to see this new treasure that is sure to become a family favorite!

*Atlanta's first garden designed specifically for children.*

**LIVE! LAUGH! LEARN!** This exciting new garden will emphasize the connection between plants and people with regard to health and wellness in a fun and innovative setting. After being greeted by the Green Man fountain, children will be thrilled by the Caterpillar Maze and Butterfly Pavilion, the Plants Through Time exhibit which includes a dinosaur garden where they can dig for "fossils", a tree house under the Grandmother and Grandfather oaks, the Sunflower fountain and much more.
