

Living Well in Milwaukee

Award-winning transformations that enhance everyday living... Warren Barnett Interiors creates remarkable results that are uniquely you

From the moment you enter the Warren Barnett Interiors showroom in Brookfield, you notice a difference.

The selection of furniture and accessories is absolutely incredible, of course, with a vast array of designs to complement every taste — custom pieces, too, along with their very own private label of custom upholstery.

There's simply no other resource in greater Milwaukee with such a complete range, right down to coordinated accessories and bedding. Virtually the only thing they don't have, in fact, is a salesperson.

As astounding as it may seem, when you visit Warren Barnett, you are greeted by an interior designer who's ready to assist in any way, whether you're browsing for a single piece or preparing for a complete home makeover.

"We manage the details so you can focus on the results and enjoy the experience," say Warren Barnett owners Barbara and Mike Bachman. Indeed, with nearly 15 years' experience solving even the most difficult challenges in interior design, the Bachmans and their team are experts at eliminating clients' frustration and streamlining the process.

"We begin each project with a complimentary in-home consultation," Mike explains. "First, we measure each room and go over all the options — everything from paint, flooring and accessories. Then, we develop a comprehensive plan that will fulfill our client's vision."

"But it doesn't end there," adds Barbara. "Our designers also accompany the drivers on delivery to ensure each room comes together as planned. We even take additional materials to complete the space and bring the client's vision to life."

"Successful interior design should enhance your life," says Director of Design and Marketing Emily Ebben. "That's why at Warren Barnett Interiors, we create inviting spaces to beckon your family home, leave an impression on guests and help make everyday living an experience to be savored."
