MARY TOBIAS MILLER
INTERIOR DESIGN

*Timeless with a modern edge... Airy, fresh and a little unexpected...
The perfect mix of contemporary lines and one-of-a-kind details...*

Abode Interior Design & Furnishings blends the latest in design together with an appreciation for traditional classics to create inviting, friendly, livable interior spaces.

"Your home should be a reflection of your life and values," Says interior designer and Abode founder Mary Tobias Miller. "That's not only our guiding principle, but also the foundation from which we start each project.

"Homeowners want to update their traditional homes in an expression of their own style — not ours," Mary adds. "We understand that.

"We also approach design with the understanding that most people already have the family heirlooms. What they need are updated pieces like a painted piece of furniture or a contemporary pair of lamps."

Finding the right modern accessory to brighten up an established design isn't always easy, however, which is

why Abode Interior Design & Furnishings gives homeowners the opportunity to browse, shop and explore new design possibilities in a comfortable retail showroom.

"We carry furniture, fabrics, home décor and lighting that reflect today's lifestyles," Mary says. "We help homeowners find the balance between clean lines, antiques or architectural elements and just the right mix of smart, on-trend accessories."

Having spent years working on full-scale renovations in New York City and importing antiques from Paris, it's help Mary is fully prepared to offer.

"There's really nothing I enjoy more than giving homeowners a nice mix of the unexpected and predictable, of clean lines and complex detail," Mary says. "Light and airy environments that are edgy, but not tied to any trend? It's the perfect mix for today's modern lifestyles."
