

A young man who wants to be the next big basketball star. A teen that, inevitably, will grow the perfect bunch of purple basil. A transgender youth whose name may one day grace the cover of poetry books. A design enthusiast who can't wait to create the next hit video game.

Children living in foster care have dreams - about their futures, their passions, and their everyday. Above all, many of these kids have the desire to be adopted.

And at Northwest Adoption Exchange, we share in those dreams.

With your support, we know we can find each of these kids the right adoptive family.

**I'd like to get adopted to not keep moving around, to stay in one place where I can enjoy a home and stay in that home for a very long time."**  
-Patrick, Age 15

When kids in foster care have a family to root for them, to listen to their ideas and encourage their growth, to support them - they are able to thrive. The love of a family and comfort of a home has the ability to change a child's life. We believe their dream of adoption isn't out of reach.

With your support, we know we can find each of these kids the right adoptive family.

At Northwest Adoption Exchange, we find potential families who are ready to make a difference. We work to find the families that can help support these kids and their dreams of owning a bakery, becoming a pop star, and growing a garden from scratch.

Your end-of-year gift has a big impact. Your gift directly contributes to what we do at Northwest Adoption Exchange: making it possible for these young people to fulfill their dreams of being adopted.

With plenty of thanks,
