READER: Up for an Adventure? Join a Night Hike at Ha Ha Tonka State Park.

A Missouri state park is catering to the more adventurous among us with a night hike. Ha Ha Tonka State Park is hosting the Night Hike event Friday, July 9 at 9:00 p.m.

According to park officials, social distancing protocols will be in place as hikers walk along Spring Trail to discover how nocturnal animals operate when the sun is down.

The hike is 0.65 miles long, and a park official said it is a paved path that turns into a boardwalk about $\frac{2}{3}$ way down. The hike is also on a beginner's. For more details about the event, or for directions, you can call the park at 573-346-2986.
