Boldenone Undecylenate 300mg/ml BoldoGen 300 is a versatile and popular synthetic anabolic/androgenic steroid. Also known as Equipoise, it's a form of modified testosterone that displays strong anabolic and reduced androgenic properties to give the user a steady increase in both lean muscle mass and strength.

We like to recommend this formula for skin, immune, and hormonal health, as well as increased energy! Each capsule has a rich source of B12, copper, heme iron, and CoQ10 which are crucial for that boost of energy everyone is looking for! These nutrients also support overall metabolism and mood.
