ELECTRA HOME HEALTH

WHAT IS HOME HEALTH?

Home health consists of **specialized and caring services at home**. Our nurses provide a full range of health care services to our patients and their families in convenient and comforting home surroundings.

Home health care **promotes family integrity and patient independence**, while contributing to a **faster recovery by easing stresses** associated with caring for a loved one at home.

Electra Home Health includes the following services and more*:

- On-site patient assessment
- Case management
- Patient teaching/education
- Wound care
- Disease management
- Physical, occupational, and speech therapy
- Medical social work
- Certified home health aide services

*Individual patient needs are determined at time of assessment.

Our People *MAKE THE DIFFERENCE*

OUR PHILOSOPHY

Electra Home Health is dedicated to promoting health and wellness by developing positive relationships with our patients to reach their recovery goals. Our compassionate professional team provides **emotional support, skilled care, and a comforting home health experience** for our patients.

We also provide:

- **Skilled Nursing** - assisting in patient care.
- **Aides** - assisting with bathing, walking, dressing, and eating.
- **Speech Therapy** - working to improve communication skills.
- **Physical Therapy** - renewing and increasing mobility.
- **Occupational Therapy** - assisting in daily living activities to promote independence.
- **Medical Social Services** - providing counseling, resource planning, and aide in decision-making.

ASK YOUR DOCTOR

Consider the following and talk to your doctor about the **benefits of home health** for short or long-term care.

- Have you changed **medication** in the last 30 days?
- Do you have a diagnosis affecting your **diet**?
- Do you have an injury and require assistance?
- Do you need help administering an **injection** or **catheter**?
- Have you received a **confusing** new diagnosis?

*Our Specialty
is You!*
