OUTPATIENT TREATMENTS

Electra Memorial Hospital offers a wide variety of outpatient treatments including:

- Outpatient Rehab
- Infusion Services
- CLIA certified Lab
- Wound Care
- Radiology
- Cardiopulmonary Services

OUTPATIENT REHAB

We offer **physical, occupational, and speech therapy** to outpatients, as well as patients in home health and hospital settings. Patients qualifying for rehab treatment include **orthopedic, neurological, speech/language, and general illness patients**, and those with work-related injuries.

INFUSION SERVICES

Looking to receive **infusion therapy without hospitalization**? Our staff of registered nurses and local physicians cater to patients needing **intravenous injections and antibiotic therapy** as well as **blood and iron transfusions**.

LABORATORY

Our **Clinical Laboratory Improvement Amendments (CLIA) certified lab** provides **on-site testing** assisting in diagnosis, treatment, and illness and disease management. We provide services such as **core lab testing, drug screening**, and more.

WOUND CARE

Our outpatient wound care services are an extension of your primary care physician as a **specialized care option** for the following, and more:

- Chronic wounds
- Non-healing surgical wounds
- Traumatic wounds
- Diabetic ulcers

RADIOLOGY

We provide **high quality digital images** aiding in accurate diagnosis and treatment for patients. Services include, but are not limited to the following:

- Computed tomography (CT scan)
- Routine x-rays
- Magnetic resonance imaging (MRI)
- Ultrasound

CARDIOPULMONARY SERVICES

Our services include **multiple respiratory and cardiac procedures**. Examples include:

- Respiratory treatments
- Sleep studies
- Cardiac holter monitoring
- Electrocardiogram (EKG)
- Pulmonary function testing
- Pulmonary Rehab
- Overnight pulse oximeter studies
