Ag Tech Signing Day at Littlefield High School

April 28, 2022

Ian Cozart, senior at Littlefield High School, signed onto join the John Deere Ag Tech Program sponsored by Western Equipment at Garden City Community College later this year. Signing day took place at the high school on April 27, 2022, where he was cheered on by his parents, teachers, and fellow classmates.

Cozart will be representing Western Equipment throughout his time in the two-year program starting this June. While in this program, he and his fellow ag techs will have the unique opportunity to train under master John Deere technicians both in the classroom and at their sponsoring WE locations. Additionally, students can also look forward to guaranteed job placement with WE upon graduation from the program.

###

Western Equipment's future vision holds exciting and endless possibilities. With more sophisticated and reliable equipment being developed each year, our goal is to continue to provide more value to our customers. Our focus is to educate our customers and employees, helping them to actualize new technology, further increasing their productivity. And, as technology never stays the same, neither will Western Equipment. Helping our area implement new strategies and solutions is paramount to the success of the agricultural industry and our customers livelihoods.

Western Equipment has come a long way over the last 100 years. The key is listening to and understanding our customers' needs. It's what we've done since day one, and it's what we will continue to do—always.
