

COLD OPEN

INT. SMITH HOUSE - LIVING ROOM - DAY

RICK veges out on the couch, White Claw in hand and interdimensional cable tuned to some shitty MTV dating show.

SUMMER sits side saddle on the recliner and judges...hard.

MORTY enters.

MORTY
Has he moved since yesterday?

SUMMER
Morty he hasn't moved since Tuesday.

MORTY
Yeah, yesterday.

SUMMER
It's Saturday.

MORTY
Ah, geez.

SPACE BETH and EARTH BETH enter dressed to the nines. JERRY follows behind dressed like a chauffeur.

MORTY (CONT'D)
Mom, I think there's something wrong with Rick.

The adults pause and observe Rick.

On the TV screen a tentacled alien steps off of a red bus. A BLUE HUMANOID ALIEN shakes its head.

BLUE ALIEN
NEXT!

The camera transitions to a confessional view.

BLUE ALIEN (CONT'D)
With that many tentacles, there's no telling how many guys he's wrapped around before now, so I had to give him the next.

Rick laughs and burps.

SPACE BETH
He seems fine to me.

SUMMER
That's fine?

Rick scratches his crotch and sniffs it.

SUMMER (CONT'D)
He's acting like an uninspired frat
boy.

BETH
Just, I don't know go on an
adventure. Get him to stretch his
legs or something. We have plans.

Jerry opens the front door with a bow.

JERRY
My ladies.

They exit.

MORTY
Go on an adventure? He'll barely go
to the bathroom.

Rick's face contort and grunts then sighs in relief as a huge
wet spot fills his pants.

MORTY (CONT'D)
Nevermind.

SUMMER
That's technically not my Rick. You
clean it up.

ACT ONE

INT. SMITH HOUSE - LIVING ROOM - DAY

Morty waves his hand in front of Rick's face.

Rick doesn't respond, his eyelids half shut and a goofy smirk on his face.

Morty opens Rick's eyelid all the way. Rick slaps his hand away.

RICK

Quit it. I'm watching Twilight.

Summmer grunts and pants as she drags a huge machine into the living room.

SUMMER

Thanks for the help, Asshole.

MORTY

Help? You left me to clean up piss,
how was I supposed to help?

SUMMER

Whatever.

He approaches the machine.

MORTY

What is this thing anyway?

SUMMER

It's a shrink ray.

MORTY

How is that supposed to help?

SUMMER

Easy. With this.

She points to a spot on the mode selector that says "Mind."

MORTY

Mind?

SUMMER

We can go into grandpa's mind and
figure out what's making him be
such a lazy piece of shit.

She fervently tinkers with the machine's buttons.

"The Snow Rick"

MORTY

Maybe Mom's right. Maybe he's fine,
and it's just a phase, ya know?
Like when everyone was really into
Pokemon Go or Bedazzlers.

SUMMER

(to herself)

Goddammit. Why are there so many--

She hurries over to the other side, pulls a lever, The
machine whirs to life and crackles with electricity.

SUMMER (CONT'D)

Got it. Morty, I'm tired of school.
I haven't gone on an adventure in
months, and when it's finally my
time again, Grandpa decides to do
this?

Rick burps and pukes a little. He chuckles, but doesn't
bother wiping his mouth.

Summer and Morty cringe.

MORTY

Okay. I'm in.

They step in front of the machine and Summer presses a remote
button.

A beam hits them and they hover in the air and over to Rick.

SUMMER

Ya know, this doesn't hurt as much
as his other shrink rays.

MORTY

I don't know if that's a good--oh?!
WHOAAAAA!

Their bodies distort and twist violently as they turn
psychedelic colors.

SUMMER

Oh, God, I take it back This hurts
so--

POP!

They pop out of existence.

Rick farts and falls asleep.

INT. DARK EXPANSE - UNKNOWN

Summer and Morty scream as they fall down a dark hole. Occasional flashes of never-before-seen inventions and experiments flash by.

EXT. FROZEN WONDERLAND - NIGHT

POOF!

They hit the ground, but a blanket of soft snow breaks their fall.

They're surrounded by a winter wonderland of ice and snow that's illuminated by a full, purple moon.

SUMMER
Is this...snow?

She picks it up in her hands, and it flows like sand.

MORTY
It's not even cold.

Summer points.

SUMMER
Morty look!

A large, crystal palace sits upon the precipice of a mountain. It's many spires beautifully threatening as it towers over the land and splits the sky.

STALKER POV

THE STALKER's shadow edges closer to the unaware siblings.

MORTY
What do you think's inside?

SUMMER
I don't know, but if that's where
grandpa's will to stop pissing
himself is, we're going. C'mon!

The Stalker gets close enough for their shadow to cast over the siblings.

Summer whips around and screams.

BACK TO SCENE

A hooded figure stands before them, large sword in hand.

"The Snow Rick"

Morty steps in front of his sister.

The Stalker raises the sword over their head and swings it towards the screaming siblings.

INT. WINE BAR - DAY

Jubilant patrons buzz around chatting among friends and filling their wine glasses from taps.

Space Beth and Earth Beth have a seat at a table, their glasses filled far beyond the standard pour.

EARTH BETH
This place is amazing. I can't
believe I've never been.

SPACE BETH
Between the kids, work,
and...Jerry, how could you?

EARTH BETH
You really don't like Jerry do you.

Space Beth raises her glass to her lips.

SPACE BETH
Pff, understatement.

She gulps down half the glass.

EARTH BETH
I get that Jerry can be a
little...well, stupid.

INT. CAR - DAY

Jerry sits in the car and listens to music as he plays with one of those games where you use water to try to get the hoops on the pegs.

INT. WINE BAR - DAY

EARTH BETH
But he loves his family, but more
importantly, he loves me.

Space Beth rolls her eyes.

Earth Beth downs her wine.

EARTH BETH (CONT'D)

Now c'mon. Do you really want to spend the whole day talking about Jerry? I want to hear more about these space adventures.

She puts her hand on Space Beth's shoulder. Space Beth smiles and downs her wine.

INT. UNKNOWN - NIGHT

Morty holds a sword and looks queasy.

Summer looks solemn and serious.

SUMMER

Morty, it's okay.

MORTY

I can't do it.

The Stalker unsheathes her sword.

THE STALKER

Do it, Morty, or I will.

Morty closes his eyes, clenches his teeth, and screams as he raises the blade.

Summer clenches her eyes shut.

Morty brings the blade down and is immediately splattered with blood.

Silence chills the air.

Then.

APPLAUSE rings out through the--

INT. TAVERN - NIGHT

On the floor in front of Morty are the beheaded remains of an opalescent manticore with the head of RICK.

The Stalker takes off her hood and reveals her long hair and war paint that functions almost like a mask.

THE STALKER

We feast!

More applause as The Stalker leads Morty and Summer to a booth in the back of the tavern.

They sit.

THE STALKER (CONT'D)
Only a fool would approach that mountain. We're lucky there was only one manRickore tonight.

SUMMER
(whispers)
ManRickore.

MORTY
I know right. So masturbatory.

They snicker.

THE STALKER
What you seek must be pretty valuable. Tell me more.

SUMMER
We're looking for our grandpa, or rather the part of our grandpa that's turned him into a lazy sack of shit.

THE STALKER
And you're confident this grandpa is in the castle.

MORTY
Well, no, but, I don't know. Where else would he be ya know?

THE STALKER
Good point. The journey will be treacherous which means the riches will be vast.

She closes her eyes and rubs her chest in contemplation. Summer and Morty try to find a point in the room to stare at during this awkward exchange.

She stops.

THE STALKER (CONT'D)
I have decided. I shall accompany you on your quest for the grandpa.

MORTY
Thanks...uhh--

She slides a business card across the table to them.

THE STALKER

Artemia, the phantom thief. At your service.

MORTY

You have a business card?

ARTEMIA

Well, yeah. Every phantom thief has a calling card.

SUMMER

Yeah, a calling card, not a literal, like, fucking card with a phone number and address on it.

ARTEMIA

Well how else are they going to know it was me?

SUMMER

They're not supposed to know it was you. That's the whole point of being a phantom thief. You're a phantom.

ARTEMIA

What? Fuck that I want the glory. Lets go.

She gets up and makes a quick exit.

Summer and Morty hurry after her.

EXT. WINE BAR - DAY

Earth Beth and Space Beth exit the restaurant laughing arm-in-arm.

Jerry hops out and opens the door for Earth Beth.

EARTH BETH

Thanks, Babe.

She gives him a kiss then gets in.

He closes the door and hurries over to the other side to open the door for Space Beth.

He puckers up.

Space Beth pushes his face.

SPACE BETH
Dream on.

She gets in.

INT. DOWNTOWN - BETH'S VAN - DAY

Space Beth and Earth Beth strap in.

EARTH BETH
Do you have to be so mean?

SPACE BETH
He's your husband.

EARTH BETH
Our husband.

SPACE BETH
Gross.

EARTH BETH
And he loves us, and our children.

Space Beth grimaces out the window.

Jerry shuffles around to the driver's door, but trips and falls before right himself and crawling into the vehicle.

Space Beth rolls her eyes.

EARTH BETH (CONT'D)
Look, I'm not asking you to love him or enter some kind of crazy Extreme Sisters marriage.

JERRY
But I'd be into it.

EARTH BETH
Shut up, Jerry.

SPACE BETH
Shut up, Jerry.

EARTH BETH
I'm just asking that you remember the man that never left you, and spend more time being angry at the one who did.

Space Beth softens.

SPACE BETH
Yeah...you're right. Sorry, Jerry.

Jerry smiles and tips his hat.

He starts the car and pulls off.

CRASH!

The car shakes violently.

SPACE BETH (CONT'D)
Goddammit, Jerry.

EARTH BETH
Goddammit, Jerry!

JERRY
It wasn't me, it was--

CRASH!

A huge red fist crashes through the back passenger window and knocks Space Beth unconscious.

A Gazorpian sticks his head through the window.

GAZORPIAN
It was me!

Jerry and Earth Beth scream in despair.

The Gazorpian tries to pull his head out of the window, but it's stuck tight.

END ACT ONE

ACT TWO

EXT. FROZEN PALACE - NIGHT

Snow swirls violently as the sounds of battle ring out.

INT. FROZEN PALACE - HALLWAY - NIGHT

The walls glisten like crystal and the decor all seems to be made of ice.

CRASH!

A crystalline creature with lances for arms crashes into a lamp, and they both shatter.

ARTEMIA

Be CAREFUL!

Summer uses a bo staff to shatter more of the crystal creatures as they attack.

SUMMER

I broke another fucking lamp made out of ice.

She shatters another creature.

SUMMER (CONT'D)

Tragic!

Morty uses a sword to fight off more ice creatures.

MORTY

I think it's crystal.

SUMMER

Who gives a shit, where's grandpa.

INT. SMITH HOUSE - KITCHEN - DAY

Rick spreads peanut butter on bread then goes to the fridge.

He grabs a bunch of grapes that resemble oblong worms.

He slams them on the counter and they SQUEAL and writhe to life.

He blasts them with a laser. They give one last scream as they swell then explode into jelly.

"The Snow Rick"

He wipes his face with the other piece of bread as he chuckles stupidly to himself then slams the sandwich together and takes a satisfied bite.

EXT. DOWNTOWN - SIDEWALK - DAY

Jerry and Earth Beth scramble out of the car.

EARTH BETH
Jerry, get out of here and call my dad!

The Gazorpian rips the door from the car still stuck on his head.

JERRY
Morty Junior, is that you?

GAZORPIAN
I am Gazorpo The Destroy--

PEW!

A laser shoots through his head and he collapses. Space Beth stands behind him, blaster smoking in her hand.

SPACE BETH
Unique name, asshole. You guys okay?

EARTH BETH
Yeah, I think so.

JERRY
Speak for yourself, I'm terrified. Can we just have one day without some sort of crazy sci-fi bullshit trying to kill us!?

Space Beth sighs and shakes her head.

EARTH BETH
Jerry, calm down, everything's going to be--

A bizarre click precedes a vibrant blue tractor beam that envelopes the trio.

They start to slowly float towards the sky. Jerry crosses his arms, annoyed.

JERRY
You were saying?

EARTH BETH
Not now, Jerry.

SPACE BETH
Not now, Jerry.

INT. FROZEN PALACE - THRONE ROOM - NIGHT

The interior here is even more ornate than the hallway with stained crystal decor and an icy throne.

On the throne sits the SNOW QUEEN (semi-translucent, hauntingly beautiful). She cradles what appears to be a small child in her arms and hums an eerie lullaby.

CRASH!

Shards of crystal litter the floor as the door is blown in.

Summer charges in with Morty and Artemia in tow.

MORTY
You had bomb arrows this whole time? Why weren't you using them?

ARTEMIA
Because some of us are trying to steal things, Morty, have you not been listening?

SUMMER
There's nothing to steal.

ARTEMIA
THERE'S PLENTY TO--

SNOW QUEEN
SILENCE!

A frigid gust blows through the room that makes them shiver.

SNOW QUEEN (CONT'D)
The child is sleeping.

SUMMER
Yeah, that's kind of the problem lady. Give us back our grandpa!

SNOW QUEEN
Grand...pa?

She's genuinely puzzled.

SNOW QUEEN (CONT'D)
There are no "pas" here. And certainly no grand ones.

"The Snow Rick"

I live here, peacefully, with the
children you so heartlessly
slaughtered.

MORTY
What are you holding?

SNOW QUEEN
My most precious treasure.

She reveals a swaddled up, BABY RICK.

SUMMER
Grandpa!

Artemia shoots what looks like a plunger tied to string at
the baby and snatches the Baby Rick into her arms.

SNOW QUEEN
NOO!

The room shakes and cold wind whips through the room.

MORTY
Run!

They turn and head for the door, but the crystal door turns
into solid ice.

They turn and see the Snow Queen floating towards them.

SNOW QUEEN
I won't let you leave with my
treasure!

She fires icicles at Artemia, but Morty and Summer swat them
away with their weapons.

BABY RICK
You're gonna have to fight her.

SUMMER
You can talk?

BABY RICK
Of course I can talk, I'm a fuckin'
genius.

MORTY
Didn't miss that.

BABY RICK
Feeling's mutual!

SUMMER

Guys!

INT. SPACE SHIP - TV SET - DAY

The room looks like a multi-cam set minus the gaping hole in the floor where the tractor beam feeds to the earth below.

Several aliens make up the AUDIENCE and wait with bated breath.

Earth Beth, Space Beth, and Jerry float into the room.

The Audience erupts into applause.

The floor snaps shut like the shutter on a camera, and the tractor beam dies.

Earth Beth lands shakily on her feet. Space Beth hits a flip and lands perfectly. Jerry flops on his ass.

JERRY

Owww!

Earth Beth helps him up.

The SHOW HOST, marked by the comically large tiara on its head, steps forward.

SHOW HOST

I'm Jimothy, your host on--Wait, where's Gazorpo?

EARTH BETH

Who?

JIMOTHY

Gazorpo, the escort.

JERRY

He's talking about the big red thing that looks suspiciously like your grand child.

SPACE BETH

Oh. I shot him.

The Audience gasps.

LARRY sits front and center in a "Flavor of Love" T-shirt and chimes in.

"The Snow Rick"

LARRY

He was kind of a dick.

JIMOTHY

Yeah, that's true.

Space Beth pulls out her blaster.

SPACE BETH

I don't care about any of that! Why did you abduct us?

JIMOTHY

Oh, no, you misunderstand Beth, this isn't an abduction.

Earth Beth crosses her arms and scowls.

EARTH BETH

Well I definitely don't remember consenting to this, so...

LARRY

Why are there two of them?

JIMOTHY

Shut. Up. Larry!

LARRY

Sorry!

JIMOTHY

Why are there two of you? Where are the kids?

SPACE BETH

None of your--

JERRY

One of them is a clone.

SPACE BETH

Goddammit, Jerry.

JIMOTHY

Wait, which one.

EARTH BETH

None of your--

JERRY

We don't know.

"The Snow Rick"

The Audience chuckles.

Space Beth moves to stand up.

SPACE BETH
I don't have time for this shit.

JIMOTHY
Can they put aside their
differences for a shot at--

A huge mountain of cash CRASHES down next to them.

Earth Beth and Jerry jump with a scream.

JIMOTHY (CONT'D)
One. Million. Earth. Dollarrrrrrs!

The audience loses its shit with applause and cheers.

Space Beth sits back down and glares at Jerry.

He cowers into Earth Beth.

She rolls her eyes then mouths to Space Beth--

EARTH BETH
Behave.

INT. FROZEN PALACE - THRONE ROOM - NIGHT

The battle rages on between the children and the Snow Queen.
Morty and Summer dodge more icicles.

SNOW QUEEN
Ignorant fools! Return my treasure!

SUMMER
What do we do?

Artemia swings in from a rope tied to an arrow with Baby Rick
in her arms.

BABY RICK
Fuckin', Christ! Put me down you
Green Arrow reject. I'm gonna puke
up all that Turkish delight.

ARTEMIA
Sorry.

She puts him down, and he wobbles a bit. He pulls out a
device that erects a force field around them.

"The Snow Rick"

SUMMER

You had a force field this whole time? Why have we been hopping around trying not to die?

BABY RICK

I was kind of busy being Jane to your little Tarzan friend over there.

ARTEMIA

Again. Sorry.

RICK

It's fine. Now, when she was cradling me she said something about having a frozen heart.

MORTY

So we just have to melt it.

SUMMER

Fuck that, I'm not falling in love with her.

MORTY

Well neither am I. I love Jessica.

ARTEMIA

I'll do it for the treasure.

BABY RICK

No, like a literal frozen heart. How many times do I have to tell you, the universe wants to kill you not let you fuck Prince Charming.

MORTY

Dick.

BABY RICK

If that's what it takes to get the fuck out of here, I'll be the biggest dick Pornhub's ever seen, Bitch.

He pulls out a small remote device.

BABY RICK (CONT'D)

Now here's the plan.

END ACT TWO

"The Snow Rick"

ACT THREE

INT. SPACE SHIP - TV SET - DAY

An LCD scoreboard above the Smiths reads "500K."

Jimothy addresses the camera.

JIMOTHY

Welcome back. The Smiths are a mere
one question away from doubling
their score and winning--

AUDIENCE

One. Million. Earth. Dollars. JIMOTHY (CONT'D)
One. Million. Earth. Dollars.

JIMOTHY (CONT'D)

Beth in the Black, for one million
dollars, can you tell us, when was
the moment you fell out of love
with Jerry?

SPACE BETH

Should I mention the time he left
me hanging in the parking lot with
a homeless man high on bath salts
trying to stab me?

JERRY

I didn't leave you hanging, I told
you to run.

SPACE BETH

Or maybe the time he thought the
best way to protect me was by
hiding in a "hatch thingy."

JERRY

I'm sorry.

EARTH BETH

Yeah, Beth. I mean, it's
frustrating, but you know Jerry
loves us. He was just scared.

SPACE BETH

That's the problem, Beth. He's
scared. He's always scared. When
people are afraid they run, and
when they run, they hurt everyone
they're running from...I won't let
that happen again. I can't.

"The Snow Rick"

Jerry and Earth Beth sympathetically look at Space Beth and hold each other.

JERRY

Beth, you know I would never leave you. I was devastated when you--

ERRRRRT!

A buzzer blares and interrupts the moment.

JIMOTHY

I'm sorry. That's incorrect. Which means the Smiths only have one more chance at--

INT. SMITH HOUSE - LIVING ROOM - DAY

Rick sits naked on the couch, a smiley face drawn on his abdomen in what looks like...chocolate?

RICK

One. Million. Earth. Dollars.

INT. FROZEN PALACE - THRONE ROOM - NIGHT

Baby Rick fires a blaster at the ceiling and brings four large blocks of ice down around the Snow Queen.

BABY RICK

Morty, NOW!

Morty screams as he fires off a round from a blaster. Unlike previous blasts it reflects like a laser grid around the ice pillars and creates a cage around the Snow Queen.

She reaches out a hand, and it's immediately singed. She flinches back with a yelp as her finger melts.

SNOW QUEEN

Bastards!

MORTY

Actually our parents were married.

BABY RICK

Don't be lame, Morty.

Artemia vaults off of Morty's head and looses an arrow with a bomb tied to it.

It plunges into the Snow Queens chest, but tendrils of ice stop it from reaching her heart.

BABY RICK (CONT'D)

Shit!

Summer runs past.

SUMMER

I'm on it!

She dives between the cage with an impressive twist and slams her staff against the arrow to drive it home.

SUMMER (CONT'D)

Grandpa now!

She rolls out the other side of the cage as Baby Rick presses the button on the detonator.

BOOM!

With one last scream, the Ice Queen shatters into thousands of crystal pieces.

They all cheer, but celebration is short-lived as the castle rumbles and starts to cave in.

ARTEMIA

Without her magic, this place must be falling apart.

SUMMER

So much for hating magic.

BABY RICK

Is now really the time, Summer?
Run!

They head for the door dodging debris as it falls.

They reach where the door should be only to find a solid wall of ice.

MORTY

What do we do? She got rid of the door, we're screwed!

Baby Rick runs to a window.

BABY RICK

That's the funny thing about windows, Morty.

He fires a laser and shatters out the glass.

BABY RICK (CONT'D)
When you break one, it becomes a
door.

Summer and Artemia waste no time jumping from the window.
Morty approaches.

MORTY
Couldn't you have just done that
where the door used to be?

BABY RICK
And what? Run outta here Usain
Bolt?

MORTY
Rude.

BABY RICK
Shut the fuck up and jump!

They both jump out of the window.

EXT. FROZEN PALACE - EXTERIOR WALLS - NIGHT

They scream as the ground closes in fast.

Artemia swings by on a rope, arms full of treasure.

ARTEMIA
Nice job guys. Catch ya next time.
WOOHOOOO!

Summer stands on her staff that's shoved into the snowy wall.
She sizes up their distance, and when it's just right, she
pulls the remote from her pocket and hits the button.

A bubble that fires off electricity engulfs her and catches
Baby Rick and Morty.

Baby Rick screams in pain.

BABY RICK
Ow! Fuck! Let me out! I'd rather
hit the--

POP!

They vanish.

INT. SMITH HOUSE - LIVING ROOM - DAY

Rick sits on the couch and looks around suspiciously.

When he sees the coast is clear he turns the channel away from the game show and to--

TV ANNOUNCER (V.O.)
The following program is rated X
for EXTREMELY FUCKIN' HOT!

The screen populates with multiple Ricks fucking the absolute shit out of each other. There's a female Rick with pig tails, a Rick that looks suspiciously like Loki, and so much more.

ZWIP!

Summer and Morty crash to the ground along with a bottle of expensive looking booze.

Rick quickly turns the channel back to the game show and covers up with a pillow.

RICK
O-oh! Kids. I wasn't expecting you
back so soon.

SUMMER
What are you--nevermind.

Morty picks up the bottle.

MORTY
Drink this! So we can get on with
our lives.

Rick takes the bottle and chugs the whole thing.

In a flash he sees the infinite cosmos which ends on a bizarre Ouruboros version of himself connected by the dick.

When his eyes come back into focus he lets out a burp.

RICK
It's good to back, Baby!

MORTY
Are you serious? You were just
sober? Your creativity comes from
being intoxicated?

RICK
Morty, I could never be that
simple.

"The Snow Rick"

He pulls his clothes on.

SUMMER
Then what was it?

RICK
I'd explain it, but neither one of
you is exactly an honor roll
student. So just wait here.

He opens a portal and steps through. Morty notices his
parents on the TV.

MORTY
Why are Mom and Dad on--

A portal appears on the stage and Rick comes out guns
blazing. Earthy Beth and Jerry hold each other while Space
Beth joins in on the carnage.

Once all of the aliens are dead they celebrate briefly before
stepping back through the portal.

Space Beth and Rick laugh while Earth Beth and Jerry look
disturbed.

EARTH BETH
Dad, why would you do that? We were
having a break through.

JERRY
And about to win a million dollars.

RICK
Oh those guys? They're broke.

SPACE BETH
Knew it.

RICK
They were gonna try to use you to
get closer to the kids and use the
kids to get closer to me. Then kill
me and take all of my secrets.

EARTH BETH
What!?

RICK
Yup, little fuckers must have snuck
a dampener on me when someone--

He looks at Morty.

RICK (CONT'D)

Was supposed to have sprayed down
the ship with parasite repellent
before we left.

MORTY

My bad.

RICK

Yeah. No shit.

SPACE BETH

Wait, manipulate? So nothing we
felt or remembered there was real?

RICK

Sure if that's what you need to
tell yourself. I don't really care.

He exits.

SPACE BETH

Hear that Jerry? There was no
breakthrough. It was all a trick.

Jerry looks sad.

Earth Beth gives him a kiss, and he perks up.

EARTH BETH

It's okay, Honey. I will always
love you.

She scowls at Space Beth, then leads Jerry out of the room.

Space Beth rolls her eyes then looks sullen and disappointed.

She notices Summer and Morty staring at her. They whistle
awkwardly. Space Beth sighs.

SPACE BETH

Do you guys wanna go get some ice
cream or blow some shit up?

MORTY

The second one.

SUMMER

Yeah, definitely the second one.

They exit.

TAG

INT. SEX DUNGEON - NIGHT

The Ricks continue their raunchy sexscapades and compliment each others genius.

LADY RICK is paired off with JIM RICK who looks like American Pie's Jim Levenstein (aka Jason Biggs). She pulls out a jar of yellow marmalade.

JIM RICK
What's that?

LADY RICK
Ginger marmalade laced with
cocaine.

Jim Rick looks nervous but excited.

JIM RICK
What are you going to do with it?

LADY RICK
I'm gonna make a Jim and Ginger
high ball.

She aggressively moans and slathers his balls with marmalade before going to town on her new favorite treat.

END TAG
