

HONORHEALTH®

# HONOR ABOVE ALL.

**Our team members and physicians are focused on doing what's right for our community. That is why we look more closely, go beyond the surface and see every dimension in everything we do, providing a level of care that defies the expected.**

With more than 90 years of experience, HonorHealth offers in-depth, seamless care at accessible and convenient locations to those who matter most - our patients. We hold ourselves to a higher standard by caring for the whole person and not just the symptoms. And we proactively support the wellness of the communities we serve by constantly innovating and investing to solve healthcare's toughest challenges.

We promise to not only live up to our name, but to follow through with action: going beyond what's expected to provide the highest quality care focused on what's best for you.

## HONOR IS AT THE CORE OF WHO WE ARE.

### Honor is...

- ✔ Extraordinary people committed to delivering the highest quality care.
- ✔ Access to top medical experts at convenient locations Valley-wide.
- ✔ Caring for you in mind, body and spirit on the path to recovery.
- ✔ Team members who collaborate to make sure you feel supported.
- ✔ Assessing the needs of our community to provide answers to the most pressing challenges, which allows us to improve the health and well-being of everyone we serve.
- ✔ Offering the latest clinical trials and innovative treatment options, often available nowhere else, through the HonorHealth Research and Innovation Institute.

# HONOR IS PROVIDING YOU CONVENIENT ACCESS TO QUALITY CARE OPTIONS.

# Honor is access to the best care.

With an expansive network of providers serving patients throughout the Valley, HonorHealth is here to help you live your best life. Offering in-depth care from head to toe, our physicians specialize in bariatrics, cardiovascular, gastroenterology, neurology, oncology, orthopedics, pain medicine, primary care and more.

See all of our services at [HonorHealth.com/medical-services](https://www.honorhealth.com/medical-services).

At the **HonorHealth Research and Innovation Institute**, patients have access to tomorrow's cures today. Established in 2005, the Institute has attracted some of the best and brightest physicians and researchers in the nation, and their discoveries are giving patients new hope for a better quality of life. We lead through collaborative innovations nationally and internationally, doing the research that drives healthcare forward for the benefit of our local and global communities. In fact, we've treated patients from all 50 states and more than two dozen countries.

# HONOR IS GOING THE EXTRA MILE FOR OUR COMMUNITY.

## Ambassador Movement

In 2018, we launched our Ambassador Movement. It's a way for team members to connect on a deeper level with each other, to represent the causes they are passionate about and fulfill the unique purpose they bring to HonorHealth each day. We now have more than 3,000 registered Ambassadors, giving back over 9,500 hours in community service.

## Circle the City

Our partnership with Circle the City addresses the healthcare needs of the homeless population in Sunnyslope. This includes a health navigator in the Emergency Department to assist with discharge planning and care, mobile medical unit and street outreach, and coordination with additional neighborhood associations to address the health needs of the chronically homeless.

→ [CircletheCity.org](https://CircletheCity.org)

## Community Benefit

This represents our commitment to filling in gaps in health needs to contribute to a healthier community. Every year, we invest approximately \$250 million in community benefit. This includes costs associated with our community outreach programs, charity care and the unpaid costs of public programs.

→ [HonorHealth.com/community/community-benefit](https://HonorHealth.com/community/community-benefit)

## Desert Mission

We offer a variety of programs to meet the basic needs of vulnerable community members and help them reach their full potential. Desert Mission's programs include the Desert Mission Food Bank, Living Well: Financial, Career and Home Success, Adult Day Healthcare, Community Supported Agriculture, and Lincoln Learning Center.

## HonorHealth Foundation

Every patient's experience at HonorHealth is touched by philanthropy. A heart failure program that saves lives. Clinical trials that give cancer patients hope. A food bank that provides nutritious meals to the hungry. These are just a few examples of the ways philanthropy can help make a lasting impact.

→ [HonorHealthFoundation.org](https://HonorHealthFoundation.org)

## Military Partnership

The HonorHealth Military Partnership Program provides trauma and deployment training to all branches of the military, active duty, National Guard and reserves. We've trained more than 3,000 soldiers and airmen in our various programs.
