## DESCRIPTION OF ZENUBUD

Established in the end of 2016, to a foreign owner. Zen Ubud Bali was first initiated merely as a villa in the following year. A modest lodging with first-rate view, had only 3 types of villa comprising 6 rooms with outstanding occupancy which later was given on 9.2/10 guest review from Booking.com. This undeniable overall quality of occupancy enticed more guests for staying with us. In delivering best-served quality to our beloved guests, a distinctive enhancement was required that differed us from others.

We later came up with the idea of incorporating modern minimalism as it depicts throughout 5 villas consist of 11 rooms along with our finest restaurant, The Djourang from 2018 up until now. The renovation upgrades the scape with an additional haven, River View Villa, as we accommodate the vibes of priceless seclusion and intimate getaway on your staycation with us. Worries away from COVID-19, we are all equipped with standardized health protocols.
