THE MESSAGE OF

Heritage & Harmony

We realize that the CNY celebration this year is going to be different due to the unprecedented global pandemic. But we trust that the festivity can continue in its own special way.

We Chinese have always been known for our strong-willed and perseverance. If anything, we bounce back stronger and better than before. Why? Because we hold true in our heart a message of heritage passed on for all generations: **Harmony**.

For this reason, we present a special Harmony Hamper CNY edition that's more than just about gifts of luck and fortune. It is also a way to send that important message of harmony to your friends, families, relatives and business partners.

Represented in graceful hand-drawn animal symbols, find your special wish to send. Here's to a strong start, full of hope, and endless joy through our curated hampers. Enjoy!

Auspiciously Yours,

Affinois
