BOOT IT! -

Try these knee length puffer boots in silhouette black from Steve Madden which can be purchased online with prices starting at approx £169.00 . With an applique looking surface the boot is quilted for added dimension and accentuates a simple but versatile style. The boots have an added WOW factor, and this set's them apart from other high boots or other styles of knee length high boots. Made from a fairly waterproof Nylon fabric upper material and man made soles and lining, the warm black high boots have a killer 4 inch heel in contrast with their black snowman looking appearance and allure! Wear with some thick black textured tights, a black midi or mini skirt, and a thick black woolen cowl necked or polo necked jumper and a pony tail with plenty of eye pencil or black mascara! Swish!
