Title: WH&R Leaders Participate in Leadership and Ethics Education at West Point

As we continue to grow as the world's largest hotel franchising company and leading provider of hotel management services, we also continue our focus on developing strong leadership to enable our teams to achieve even greater success.

Last week, our senior leaders participated in leadership and ethics education as part of the Thayer Leader Development Group at West Point, the United States Military Academy.

Grounded in the United States Army leadership philosophy of "Be, Know, Do" the exciting program enabled our leaders to further enhance and refine their leadership style, approach and strategies through a series of innovative experiences focusing on topics such as shaping a servant leadership culture, leading high-performing teams and leader resilience.

They also participated in experiential learning opportunities such as Ride and Rowing with Olympian Dan Lyons which provided them the opportunity to practice new leadership skills and see first-hand the impact culture has on a team's success.

Thank you to all who participated in this unique and rewarding development program.

Title: Celebrating Giving Tuesday

GIVING TUESDAY

[Giving Tuesday](#) is a global generosity movement that inspires us to do more for others and reminds us of the power we have to make a positive impact in our communities and beyond. This year Giving Tuesday will kick off the generosity season by inspiring people to give back on Tuesday, December 3 and throughout the year.

At Wyndham Hotels & Resorts, we have always believed that you can do well by doing good. And, on this day devoted to giving, we want to thank our team members across our corporate offices and hotels

for actively engaging in their communities and generously giving throughout the past year.

Through your generosity and true Count on Me spirit you have joined together to fight hunger; raised funds to fight cancer and other health conditions; supported disaster relief efforts; collected clothing and household materials for those in need; organized and participated in fundraisers, walks and runs to raise awareness and funds for important causes; mentored younger generations; and more. See photos of just some of your remarkable examples of generosity and kindness in the photo album below. As a company, we were proud to have organized a number of initiatives to make a difference in 2019. See a few examples in the graphic below, which wouldn't have been possible without your support.

For the third-consecutive year, Wyndham Rewards donated the "Key To Wyn" House, a fan amenity used during the

Wyndham Championship golf tournament, to Habitat for Humanity. Previously a hangout for fans and a place to win prizes throughout the Championship, the hotel-style house was carefully deconstructed last August and is now being rebuilt into a new home for a family in Greensboro, N.C.

Reconstruction of the house was funded through Habitat Greensboro's annual "Summer Bash" fundraiser, which raised an impressive \$75,000, and helpful volunteers from Wyndham Hotels & Resorts, the Wyndham Championship and Habitat Greensboro are generously donating their time and efforts to the cause.

The excited new homeowners will also contribute 250 hours of sweat equity to the project, and are set to move in, along with their four children, later this winter.

"Every year, thousands of families struggle with access to quality, affordable housing," said Cheryl Rosario, vice president, social responsibility. "Through our continued partnership with Habitat for Humanity, Wyndham Rewards is proud to further the philanthropic values of the Wyndham Championship while providing a deserving local family with a place to call home."

"We are so honored to receive this incredible contribution from Wyndham Rewards and the Wyndham Championship again this year," said Habitat Greensboro CEO Maria Hanlin. "This third "Key to Wyn" house donation will open the door for this family to a safe, affordable place to call home and transform their family for generations to come."
