At Wyndham Hotels & Resorts, we've had the chance to pause, listen and discuss how our Count on Me culture can continually challenge prejudices, fight racial injustice and inequality, and foster an inclusive society. In the video below, we share some of the enhancements we're making to our Diversity & Inclusion journey and encourage our team members to get involved, be there for each other and keep giving their time, attention and actions to the causes they're passionate about. It starts with each of us, one team member at a time.
