

## 2.1 Bluetooth® Sound Bar and Subwoofer

### Incredible sound. Just add volume.

Transform entertainment with the dynamic and enveloping sound of your LeEco 2.1 Bluetooth® Sound Bar and Subwoofer. Featuring seamless connectivity and simple setup, guaranteed to liven up both your ecotv\* experience and your living space.

#### The perfect addition to any space

With its modern, slim design and industrial look and feel, this lightweight duo not only complements entertainment — it's a great accent to any home or office. You can also secure your sound bar to a wall using the included mounting brackets.

#### More boom for the room

Movies, shows and games are more riveting when you're listening with the cinematic virtual surround sound of DTS and Dolby Digital™ technology. Welcome to a powerful home theatre experience featuring crisp, balanced audio.

#### Simple connections, simple setup

Control your entire sound system with a feature-equipped remote control, thanks to HDMI ARC and CEC support.

#### Who is LeEco?

We are a leading global technology company that provides breakthrough experiences through an open, integrated ecosystem of streaming content, platforms and smart devices that fit perfectly into a broad spectrum of lifestyles. LeEco opens new opportunities for consumers by offering a jaw-dropping array of next-generation tech and ever-expanding content spanning ecophones, TVs, sports, film, live entertainment and connected mobility.
