

summary

I am an enterprising reporter and a graduate of Ohio University's Scripps College of Communications. In May of 2020, I received my Bachelor's degree in journalism with specific academic focuses on sociology and political science.

I have years of reporting and editing experience in newspaper, magazine and online settings and have become a well-rounded, multifaceted journalist.

I am eager to start my post-graduate career in communications with an opportunity that will allow me to grow as a professional and assist a community or team in a meaningful way.
