

Alpha Shift 7-Part Masterclass

Video Sales Letter Script:

=====

Let me ask you a question...

Did you think that everything was just fine in your marriage too?

Did the woman that you thought loved you go completely cold and become someone entirely different?

That is precisely what happened to me, and my world was completely shattered.

I was nauseous.

It was like I was nothing more than an empty shell of the man I used to be.

When a woman rejects you so completely, it's easy to question what it's all about. You lose your direction, your true north.

I felt worthless.

The woman who was supposed to love me forever left for someone better.

So now what?

Why would a woman even look at me again?

I was that guy that people pitied.

They would kind of tiptoe around me and carefully ask how I'm holding up.

And then it got worse...

Paranoia set in.

I would ask myself questions like, what if all women were like this and would just cheat on me anyway?

Is everything I've ever been taught about women a lie?

Is there just something wrong with ME?

Am I just plain not good enough?

Why did she leave me if I was the model husband or the great guy that she said she wanted to be with?

What the hell is actually going on here?

It took years, but I finally found the truth.

And as they say, the truth shall set you free.

In this video, I'm going to show you exactly what this truth is, and I'll explain it in a way you've never heard before, so you can use it and benefit from it today.

For a moment, let's forget the silly ass routines, the peacocking, and the ridiculous pick-up lines, that, lets, be honest, will get you rejected and maybe get one out of 100 girls to even talk to you.

And let's forget the hypnosis, trigger words, mind control bullshit to try to get your wife or anyone more willing in the bedroom.

That crap never works.

What we're going to do is make you the most attractive man in the room, without saying a damned thing.

Think about it this way:

Have you ever walked down the street and all of a sudden you get a feeling, you stop and look, and there is a man who just commands respect as he walks past you and you just have to turn and look.

Now imagine if that was YOU.

I'm going to show you the exact same shift that took me from self-pitying loser to being THAT kind of man.

And I will take you from where you are to being the kind of man that women respect and crave. They sort of man that has his shit together knows what his true north is and can truly lead.

I can show you how to do this without being needy or co-dependent...

...Without having to deal with "Approach anxiety."

And without having to learn "Routines" or rehearse "Pickup lines."

In fact, you'll never have to worry about what to say to women again.

Pick up doesn't get you to the core of who you are. Nor does it take you to a place of personal power. It just turns you into a dancing monkey trying to get approval from women.

Now I'm going to show you a couple of my secrets in a just a moment.

As I told you when my wife left me, I went into the pits of despair, and that's when I decided I had to learn what successful, happy men were doing that I was not.

It took me years to figure it out. But when I did, I went from being a wimpy doormat who had to take scraps or nothing from women to the man that has to fend off women as I'm walking down the street.

This shift I made magnetizes women to me, and it commands respect and reverence from my fellow men.

The methods that I'm going to share with you are a virtual miracle that turned my life around, and I'm going to give you the foundation in just a moment.

With just that you can start to make improvements immediately.

But before I do, I have to give you a quick warning...

When you incorporate these methods into your life, they won't come overnight.

There will be a steady increase and just like when you're working out you won't see the steady increase right away.

But if you give me 30-60 days, you will see miracles.

And trust me, you'll know it's for real. You'll start noticing things.

Everyone around you will start to notice as well.

So when you start to do this, and you start applying what I share with you in this video, start a journal, keep a journal, and in 60 days I want you to look back at this, and I guarantee you if you've applied what I teach you, you'll be a completely different man.

So let me give you two secrets right now...

Here's lesson # 1:

What every woman truly wants...

Have you ever wondered what the hell do women want?

I mean really want? The truth?

Sure you have. We all have.

Why does she say one thing and do another?

Why does she say she wants a good guy who shares his feelings with her but then ends up fucking Chad Thundercock after 10 minutes of flirting at a frat party?

Wiser men than me have said it, attraction is not a choice.

She will find you attractive or she won't.

She cannot consciously choose who she is attracted to.

This is just as applicable to the cute girl you just met at a party as it is to your wife of 20 years.

And it has been the source of more frustration for men throughout history than you can possibly imagine.

You ALWAYS have to be attractive if you're expecting to get any.

You are never off the hook. Ever.

You ALWAYS have to display attractive qualities or her attraction to you will ultimately disappear.

If you've been married for any length of time, you know exactly what I'm talking about.

You know, my grandmother once told me: "men do the picking, but women do the choosing."

What that means is, while you may decide which women you'll approach and ask out, she has usually already chosen you or not and a potential sexual possibility.

What are the criteria for what makes a man sexy and desirable?

...What is the answer to the age-old question, "what do women want"?

Here it is, the answer is simple:

ANYTHING that makes for good babies.

A woman's primitive reptilian hindbrain has been programmed over millions of years of evolution to want strong traits in men that will enable him to protect and provide for her and her offspring.

Your display of these traits, or lack thereof, will have a direct bearing on her deep innate immediate and subconscious level of attraction for you...

...Regardless of whether or not she wants to make babies with you or at all.

Your fitness in this regard is the cause for her subconscious attraction for you or lack thereof.

This is equally in effect when she's looking for a husband or a quick hookup in a college dorm. It is innate and subconscious.

So, what makes for good babies?

These are the three basic questions that women ask:

1. Does he carry good genes?

That points to physical, mental, and emotional fitness. She needs to be convinced that your sperm added to her egg will make a healthy baby.

2. Will he be a good partner?

This means you are stable, not psycho and can you make her feel protected. You do the right things to make her feel safe and secure. You keep your work. Most importantly, you can keep your cool when she does not.

3. Would he make a good dad?

This is the most important of all. Remember her DNA is literally programmed to find someone suitable to impregnate her. And her best chance to survive and thrive is to stick around and provide.

That's not just about being a walking wallet.

You have to send the right signals that demonstrate your true worth.

I'll show you exactly how to do that in The Alpha Shift.

Here's lesson # 2:

Do you want to know what the secret to sexual arousal is?

HORMONES.

Hormones ARE feelings.

What most people don't grasp is that our feelings are not simply abstract things.

They have a real-world physical component.

Our bodies produce a vast array of hormones and neurotransmitters that act as physical messengers of emotion and feeling.

Take away the chemical messengers, and your feelings vanish as well.

So stop trying to assign deep or hidden meaning to her feelings, particularly her sexual feelings toward you.

If your woman has no interest in fucking you, it has nothing to do with the expiration of your soul contract, it's not time for a conscious uncoupling or time for any kind of a stupid "talk."

It means you don't excite her anymore.

It means her brain has stopped creating the sexy hormones when she is in your presence.

It means you're in trouble.

So real quick, here are the three main hormonal systems that allow you to do no wrong and turn her on effortlessly...

... or put you out in the cold no matter what you seem to try.

These are always operating in your life, so pay attention:

1 Dopamine:

This creates the "in love" feelings of excitement and the obsessive-compulsive disorder - like mental obsession she has for you.

This is the thing that makes you crazy about the other person and wonder why they aren't calling you.

FYI, you also get dopamine hits from doing lines of cocaine or getting likes on your Facebook posts or watching porn.

Dopamine hits are what make a chemical, activity, or a person addictive.

Dopamine is what made her blow your phone up and want to be with you as much as possible when you first met.

Dopamine can do that again. I'll show you how.

2 Oxytocin:

These are the pair bonding hormones. These create the warm, compassionate feelings of love. It's the cuddly and caring hormone.

You must have this to go along with dopamine, or your relationship will be very short-lived.

3 Testosterone:

This creates the general sex drive, and both men and women need testosterone to get horny. Men have much higher amounts of testosterone than women do, but that does not mean they have higher sex drives than women.

Men use testosterone for a great many more things than women.

Women only need it for their sex drives.

It's critical to understand that these three hormonal systems operate independently of one another. And each of them has different requirements to make them fire on all cylinders.

For your girlfriend or your wife to have desire for you, you must be firing all three of these hormonal systems in her brain consistently.

The Alpha Shift shows you exactly how to do that.

Women crave that dopamine in love feeling. And if they can't get it from their primary relationship, they'll get it elsewhere.

Now, these are just two small principles I teach you how to leverage inside the alpha shift.

Here's the type of man that can benefit from The Alpha Shift...

...Men who want increased influence over women and the ability to make them fall in love at will.

...Men who want to generate attraction instantly without having to rely on lame pickup lines and "openers."

...Men who are sick and tired of dating advice ebooks which are ambiguous, confusing, and require unnecessary work and stress.

...Men looking to turn a casual friend or co-worker into a devoted lover... and get her to be physically and emotionally addicted to them.

...Men who want to get out from the dreaded "friend zone"... and get into the "lover zone."

...Men wanting to get their ex-girlfriends (or wives) back and never to see her leave again.

...Men looking to improve the relationship with their girlfriends by knowing exactly how they think and feel.

...Men who are getting back into the game and want actually to be attractive instead of trying just to act attractive.

Here's what you will learn:

Why your marriage vow is one HUGE LIE (warning: this will hurt, but it will set you free from tremendous pain).

The true nature of a woman's "love" for her husband (or, why your wife will NOT love you UNCONDITIONALLY).

Why you must EXPECT your wife to test you, and how her sometimes manipulative behavior is hard-coded into her nature.

The theory of "Opportunistic Love" (this explains why she'll leave you once you're no longer an "opportunity" to her, emotionally and/or financially).

How women view love in her life (Conditional vs. Opportunistic Love) (important!)

Why you're ranked lowly in her "Priorities Hierarchy" - and how you'll always end up dead last in what she thinks and feels are important in her life (and what to do about it)

Why it's a mistake to be "100% Alpha" and shed all "nice guy Beta" characteristics in your marriage

The optimal mix between "Alpha" and "Beta" traits that you will need in a marriage (no, it's NOT 50-50).

Why you don't need to be the "best husband in the world," only the "best husband for your wife" (we'll show you how).

Why "comfort building" (or Beta game) is necessary to keep your marriage healthy and emotionally balanced for it to sustain itself.

What happens when you strike the Alpha-Beta Balance - expect GOOD things to start happening to your marriage (it's almost like magic!)

Why the problem of "Dead Bedroom" is solved OUTSIDE the bedroom (we'll show you the easy fix).

Why "arousal" is the same as "anxiety" (psychologically, there's no difference!), and the key to making her AROUSED is to make her ANXIOUS!

When you give me 30 days and go through this simple course, you will become a new man...

...A man with a mission.

...A man who sets a powerful direction in his life that a woman cannot help but follow.

...A man who never waits for sex or gets put off.

...A man who easily attracts all the love and respect he wants and deserves.

...A man who is not dependent on his relationships with women to be happy or fulfilled.

...A man who FREE.
