✓ Eat fruit. Yes, I said it. Not just "low glycemic." ANY FRUIT. Bananas, cherries, pineapple, papaya, mango, kiwi... Fruit is not only delicious, but immensely healing. It has sugar, but it is NOT the same sugar that is in a piece of bread, muffin, or your coffee creamer. It is a clean and critical carbohydrate. Your brain needs glucose to function. Do not deprive it. If you keep fruit out of your life, you deprive your body from healing.

“Self-discipline means living your life the hard way: resisting temptations and instant gratification, in order to receive bigger and better rewards in the future. It’s certainly easier to avoid all kinds of discomfort and indulge yourself whenever you want, but in the end, all that you get from that approach is fleeting pleasure now at the expense of your future, which otherwise could have been much better!!! TURINABOL (ZPHC) 100 TABS 10 MG Turinabol (Chlorodehydromethyltestosterone, also known as 'Tbol' and Oral Turinabol) is actually a modified form of Dianabol (Methandrostenolone), whereby it is actually a combination of the chemical structures of Dianabol and Clostebol (4-chlorotestosterone).
