**HÖUM<sup>®</sup>**  
***SUPERDRYER***

## DRY IN ANY WEATHER.

Our PTC heaters are designed to simulate the natural heat of sunlight from between 37°C - 40°C. Combined with the turbine fan, your laundry will dry in all weather conditions, rain or shine, indoors or not.

## OUR BIGGEST CAPACITY DRYER YET.

Durable and strong enough to hold up to 35 kg of weight, which equals to 5 pieces of winter wear, 10 pieces of wool sweaters, and 5 pieces of blankets.

## SMART SENSOR.

SuperDryer brushes away your worries of child safety; the intelligent hi-tech dryer is able to recognize the presence of your children and stop its descending movement automatically.

## LED.

The LED lights are specifically designed to illuminate your drying clothes in the dark, be it at dawn or late at night. Perfect for working couples or families.

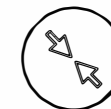

## EXTENDABLE ROD.

Extendable stainless steel rods to bear laundry such as blankets, winter wear, wool sweaters, and many more.
