## SEAWEED

Read more on these seaweed-based products that heal, calm, and soothe irritated and red skin.

A gel-based, cooling, and refreshing mask, this mask full of lipids, proteins, minerals, and vitamins that moisturize and provide suppleness. Containing chamomile to replenish and enrich dry or sensitive skin, comfrey leaf extract to heal blemishes, and tea tree oil, which provides antiseptic properties to reduce the spread of infectious material that encourages acne. Try Skin Script's **Seaweed Mask**. [skinscriptrx.com](http://skinscriptrx.com)

Taken straight from nature, seaweed is a precious gem in ocean-based skin care. Known for its unique healing properties, seaweed is not only a perfect ingredient choice for sensitized and sensitive skin types, it is also a known soother for redness and irritation. With new scientific studies revealing the benefits of seaweed in skin care, a staple benefit includes its ability to hydrate skin. Amino acids and vitamin E found in certain seaweed types also give this ingredient the ability to plump and preserve skin youthfulness.

This nourishing night cream transforms the appearance of skin, as it clinically proven to provide a 58% increase in moisturization with daily use in just four weeks. Three seaweed extracts, hyaluronic acid, and camellia japonica seed oil, restore the skin's natural moisture barrier and diminish the appearance of fine lines and wrinkles. Try Repêchage's **HydraDew Pure Night Cream**. [repechage.com](http://repechage.com)

This exceptional youth cream reveals some of its secrets as soon as it is applied. Its wonderful, active texture forms a biomimetic satin film with a lifting effect on the skin's surface. The delicate fragrance is an invitation to a feeling of well-being. Try Sothys-USA **La Crème Premium Youth Cream**. [sothys-usa.com](http://sothys-usa.com)
