EXPERIENCE

Chartmetric | *Lead Data Journalist* | June 2023 - Present
- Publish 2-3 stories and ~15 charts a week about the music industry using Chartmetric's data
- Responsible for 10+ freelancers, including editing and creating graphics for their pieces
- Project manager for a 70-page 2023 year end report that took six months to create
- Created and instituted an editorial and visual style guide and enforced strict data standards

Axios | *Data Visualization Freelancer* | August 2022 - February 2024 | *Data Viz Intern* | June 2022 - August 2022
- Produced 5+ charts and maps a day in response to reporter requests
- Pitched and created unique visualizations on timely issues for newsletters and articles
- Collaborated on long term projects via research, statistical analysis, writing, design, and data visualization

CNN Politics | *Data Intern* | September 2021 - December 2021
- Gathered, cleaned, and analyzed data from a variety of sources for CNN's political coverage
- Responsible for several long term projects as well as identifying and interviewing experts

The COVID Tracking Project at *The Atlantic* | *City Data Manager, Editorial Team Member, Assistant Community Manager* | May 2020 - June 2021
- Led a team of ~20 people in daily data entry and analysis of COVID-19 data from cities across the US
- Designed a network of Google Sheets for data collection, analysis, and quality assurance and reported these findings via data visualizations and summary memos to allow for cross-organizational collaboration
- Gathered sources and wrote on COVID-19 hotspots for weekly posts on the CTP and *Atlantic* websites
- Helped support and build the greater project culture by designing merchandise and fostering community with colleagues in an all-remote, asynchronous workspace

Barnard College Department of Political Science | *Lead Research Assistant* | April 2020 - May 2023
- Worked with Professor Michael G. Miller on quantitative research regarding American electoral politics
- Created an extensive dataset of primary congressional candidates published in the Harvard Dataverse
- Lead a team of researchers in gathering information from legal records, legislation, and news articles

Public Interest Technology at New America | *Data Science Intern* | June 2021 - August 2021
- Member of a research team at Columbia University funded by New America's PIT University Network that used data science to identify, address, and solve issues in New York City
- Collaborated on a project examining disparities in NYC parks via geospatial analysis and visualization

Bwog | *News Editor and Social Media Team Member* | August 2019 - December 2020
- Guided staffers in writing breaking news posts and long-form investigations, reaching out to sources, and following up on leads for an independent Columbia/Barnard student news publication
- Pitched and wrote weekly posts while leading our year-long investigation on a student death
