ABOUT ME

At ease with working in an international environment, French and growing up in London, currently studying a BA Sociology and Anthropology at the University of Exeter, which enabled me to achieve deeper academic research, interview and informative skills. I have the ambition to complete this diploma with a Master's in Journalism.

Passionate writer, creative, curious, committed and open minded. Eloquent in discussing a wide range of concepts, ideas and topics (verbally and in writing), which empowered me to build a strong sense of team spirit around group projects. Good capacity of adaptation and able to learn quickly being organised and efficient.
