

Welcome to KOA — the celebratory story of four siblings told through the art of Modern European and Asian fusion fine dining.

Our founders are explorers and discoverers of different tastes and journeys. They always carry their gems back home to weave collected tales together. This tailored the concept of KOA, a concept like no other, rooted heavily in their close-knit tie.

In a warm and luxurious setting, The Four aims to deliver a world-class, immersive experience where exceptional service is at the heart of everything KOA does.

1st Person POV

Expect The Unexpected

We dare to go where others don't and we make opposites attract; a truly sensational treat for any celebrated gourmet. KOA is high-end yet welcoming mix of sophistication and simplicity you can't get enough of.

You will discover the finest contemporary fusion cuisine, drawing inspiration from all four corners of the world, as we are influenced by the West and pay homage to the East. Our hotchpotch of modern European specialties and Asian treats and delights satisfies the connoisseur of taste in every guest.

Whether you snack on pastries, sip on coffee at brunch or sit back and revel in fine dining of exquisitely presented dishes, wallow in the artistry of our world-renowned chefs. If you are in a rush, saunter over to the sushi section for a quick and flavorsome grab. There is no stopping vegans either as we offer vegetarian options to be inclusive and welcoming to all. We truly strive to stand out and offer you all at once.

An Impressive, Immersive Experience

Your luxurious, laidback spot for grand vibes and divine world-class food.

Our charm lies in how we daze you; be it the grand assortment of flavors and aromas hailing from all over the world or the magical, nature-inspired interior warming you from within.

At KOA, our dishes are a triumph of careful texture and composition offered with immaculate precision. In case you want to sit back and relax, say ‘chin chin’ to a spot of Afternoon Tea. The freshly brewed tea from different places engulfs you with tales from around the globe. We arrange an assortment of sandwiches and cakes accompanied by freshly bakes Afternoon constants and the feast with the tower of treats will light up your eyes in awe.

Then there is our notable A La Carte menu! It changes throughout the year to mark the birth of each of our four founders who were born in different seasons. The magnificent tree encompassing the restaurant speaks for that. While the trunk represents their devotion to quality, the branches sprawling out symbolizes their taste for exploration and adventure. Furthermore, seasonal phenomena combat your diner boredom, and our rotating menu helps us stay in the top spot.

Natural Aesthetics Showcase Our Inspiration

Our modern architecture is achieved through the immersive and theatrical aura and inspired by nature, relationships, and spirituality. The moment you enter our calming haven with earthy elements that resonate with you and us, you are emotionally charged, soothed, and excited. The understated elegance of natural finishes will remind you of places you have or never been to.

Our large glass windows and high ceiling with open beams of light poured in will frame your view into a runic one; a real beauty. The white light offsets the intensity of the flair of parametric walls bridging the high ceiling and stretched-out minimalistic marble flooring. To balm your mind and soul, the walls are inspired by the currents of the sea and dunes of the desert; both of which represent reliability, growth, earth, and our heritage. Representing prosperity, strength, and life, our humongous tree stands tall and sturdy.

KOA is designed to give two-story perspectives. The Jungle is a zesty respite with lit fireflies scattered, and skies above you. It is a place of occasion that glows from within. Closely at The Nest, you will feel like seated inside a treehouse: your personal bite of paradise without distractions save for the subtle rocking of fireflies within your reach. Your uninterrupted hours are literally above and beyond the bustles of liveliness a floor down.

Artistic Details

Sparks of Blue

We made the fireflies carefully spaced over the expanse of ceiling glow fully ablaze in varying colors. They add to our festive view from outside as if lit fireflies are dancing for real. The subtle addition of eerie blue fireflies, when they cross as lightning, points to our brand identity.

Iconic Tree

Our centerpiece is the towering tree carved to absolute perfection with its delicate lines and bold details. It stands as the core, reflecting our origin and solid roots in relationships and our inspiration and connection with nature.

Parametric Walls

Instead of traditional walls, we chose the undulating parametric design to mount the walls of KOA as it flows through the space, responds to the complex structure, and gives an illusion of animate form. The rises, dips, and grooves are carved to perfection to draw attention and peak for an added effect.

Sushi Counter & Firefly Bar

Here, a sushi lover will hear the roars of growling in their belly.

At the counter, the Japanese culture of *suiseki* shapes your view with free-flowing textures of rocks with shades of greens circling them. The wait for our Japanese treat is anything but boring, especially when teamed with cocktails swirled with fresh ingredients and flavors chosen from our refreshing menu, perched or not!

Our menu extends to a section for 'Firefly Collection' introducing drinks inspired by fireflies. From vivid yellow and pure amber to warm orange and heated red, you have options for different bursts of hues and flavors. Pick any and brace yourselves to freshen up with a punch.

The KOA Story

It doesn't matter who you're with, or what's the occasion - KOA is where it's at. It's the glitzy labor of love of The Four.

'KOA' means ritual; the sacred celebration of getting together with your loved ones for food, drinks, and happy hours. In a lush comfort, our golden all-day dining experience with an appetizing menu, inspired by East meets West, makes your celebration of togetherness extraordinary.

We're 4 siblings who were born in 4 different seasons. What do we have in common? We break bread together. Sure, we branched out and explored the world on our own, discovered new cuisines, and made memories of a lifetime. Yet we always came back to our core to toast to life with beautiful dishes and drinks, cheek by jowl.

As individuals, we have been to every part of the planet and fell in love with different cultures and countries. As a family, we have carried our favorite flavors to your table at KOA so you can experience our journeys too. By the time you leave, you will be totally smitten and will want to come back for more, which is why we'd love KOA to be your home away from home.

Bon Appetit!

Our story starts in the Kingdom of Saudi Arabia but our next chapters will be set overseas as we look forward to bringing our unique experience to the lights and allure of London and Dubai.

We invite you to join us on this journey of a lifetime.
