

CHANGE IS GOOD

AND VMC IS BETTER

We're showing the world a new VMC

Our company has changed – we've streamlined our services and simplified our message so that clients understand exactly what we do: we make great businesses better. There's no other company that provides the quality and value that we do, and we want people to know it.

VMC makes sure our clients' products deliver on their promise. Thanks for all you do to deliver for our clients.

YOU ARE

THE NEW VMC

What makes our company great? Our team

Remarkable people doing inspired work – that's what sets VMC apart from our competition, and that's what we're showing the world with our new website, new business cards, and new look. We want to show everyone the amazing things we do every day to benefit their business.

VMC makes great companies better. Thanks to you for making VMC better.

THE FUTURE OF VMC

IS STARTING RIGHT NOW

New look, new attitude, new opportunities

We've changed our logo, we've revamped our website, and we're showing the world that no one in our industry compares to us. There's only one thing that shouldn't change: our dedication to providing the personal, professional service that has made us the first choice for the world's top companies.

You are VMC. Thank you for making a difference for our clients, their customers, and your colleagues.

VMC STANDS FOR

SOMETHING MORE

Exceptional service, excellent results. That's VMC.

VMC is more than an acronym – it's all of us, working together to deliver the best customer care, QA, and development services in our industry. That's what we want our clients to think about when they think of us, and our new brand reinforces the outstanding work we do every day.

Each one of us is what makes VMC special. Thanks for choosing this team.
