

RN to BSN Program

The RN to BSN degree program at the University of Kansas School of Nursing provides registered nurses a way to complete their bachelor's degrees in a flexible online format. The program can be completed in as little as one calendar year of full-time study or up to five years of part-time study.

Complete your bachelor's degree in **three easy steps**.

Step 1: Complete Prerequisite Courses

The first 60 credits are core curriculum prerequisite liberal arts and science courses. There is no expiration date on coursework, and you have the option of completing all 60 credit hours of these courses at the regionally-accredited community college or university of your choice.

English Composition I & II	General Chemistry w/ lab
Humanities elective course	Microbiology w/ lab
Speech	Anatomy w/ lab
General Psychology	Physiology (or combined A&P)
General Sociology	College Algebra
Child/Human Development	Statistics
Non-western culture course	Human Nutrition

The courses above do not total 60 semester credits, which means that you are given the opportunity to take any transferable liberal arts courses you choose in order to meet the required total number of hours. Visit www.nursing.kumc.edu or speak with an advisor for full details.

Step 2: Submit Your Application

A minimum cumulative GPA of 2.5 is required for admission. The following application deadlines apply: October 1 for spring; March 1 for summer; June 1 for fall. Students interested in full-time enrollment must begin the program in summer. Visit the KU School of Nursing website (www.nursing.kumc.edu) for detailed instructions on the application process.

During the application process, your prior nursing coursework is evaluated through a portfolio review. Students may be awarded up to 30 credits, but are typically awarded the following 25 credits:

Introduction to Professional Nursing	2 credits
Assessment/Therapeutic Interventions	3 credits
Foundations of Nursing	4 credits
Image, Roles & Ethics	3 credits
Nursing Across the Lifespan	6 credits
Nursing Diverse Populations	<u>7 credits</u>
	= 25 credits

Step 3: Complete Your KU BSN Courses

The online RN to BSN program provides you with the ultimate in scheduling flexibility and convenience. No on-campus time is required and classes are accessible 24 hours a day. The program curriculum includes:

Introduction to the Professional Nurse Role	4 credits
Technology to Enhance Client Safety	2 credits
Client Assessment for the Professional Nurse	3 credits
Pathophysiology for the Professional Nurse	3 credits
Pharmacology for the Professional Nurse	3 credits
Leading & Managing in Healthcare Micro-Environments	6 credits
Leading & Managing in Healthcare Macro-Environments	6 credits
Nursing Research in an Evidence-Based Practice Setting	3 credits
Population Based Health Care	3 credits
Senior Project	<u>2 credits</u>
<i>Total BSN Nursing Course Credits:</i>	<i>= 35 credits</i>
