COVID-19 is causing problems for all of us once again. The second wave of the virus is here and we need to act responsibly to minimize its impact. Following all SOPs is vital.

Wash and sanitize your hands, wear a mask in public, keep everything around you clean, and practice social distancing. Stay safe and see you all on the other side!

Sample 8

Caption:

Pakistanis cannot afford another lockdown due to the spread of COVID-19. Cases are rising on a daily basis again and we need to exercise caution. Please follow all SOPs to keep yourself and those you care about safe.

Wash/sanitize your hands regularly, maintain adequate distance from others in public, wear a face mask, avoid touching your nose/eyes/mouth, and keep everything clean.

SaniteX by Bio-Labs is a quality hand sanitizer prepared with WHO-recommended formulation. Fully anti-virus and anti-bacterial, it will expertly take care of all infectious agents and bacteria on your hands. No anti-microbial resistance is promoted either and it works faster than any regular soap or hand-washing gel/fluid.

Use SaniteX to clean your hands and stay safe!

STOP COVID-19

Follow All SOPs

DO'S

Avoid crowded places

Cover nose and mouth when coughing or sneezing

Use an alcohol-based hand sanitizer that has at least 60% alcohol

Avoid sharing utensils, water bottles, and personal hygiene items

DON'TS

Hugging, kissing and shaking hands while greeting

Touching surfaces usually used by public (Railing, door, gate, etc)

Go out if you feel sick except to see your doctor

Panic buying and stockpile face masks
