FANCY FORECOURT

Bibendum Oyster Bar, Kensington

This is probably the finest grade II-listed Art Deco garage for feasting on seafood that you'll find in all of London. Park yourself on the astro-turfed forecourt for all the joys of a terrace with none of the weather-based threats that often haunt an alfresco meal in the UK. As well as wrestling with prawns, the menu offers non-fishy options, great wines and marvellous desserts. Stuff your face under the beneficent smile of the '30s Michelin man, a good indicator for how you'll feel as you roll out of there later.
