Back to School! In August, the Dental Hygiene students visited The Goddard School in Castle Rock and Le Petite Academy to teach children about good dental hygiene.

The International Day Celebration was an opportunity to show our campus to community partners. Participating organizations were the African Leadership, African Economic Development Center, NAACP, Corner Café, Smile Always Dental, and the Arapahoe Department of Human Services.

Surgical Technologist Students showcased their hands-on training in the lab. Along with preparing the operating room and equipment, they demonstrated knowledge of instruments for use during a surgical procedure.

ALUMNI SPOTLIGHT
