

Elevate Your Dental Assistant Skills with Concorde

Concorde offers certification courses in Expanded Functions Dental Assisting (EFDA) and Dental Radiography (CDR).

These certifications are a great opportunity for Dental Assistants* to upskill and expand your capabilities.

- **CDR Course:** Covers Dental Radiography fundamentals, safety, various radiography techniques and more. Certification awarded upon completion.
- **EFDA Course:** Includes training in dental charting, polishing, impression-taking and several other expanded functions. Certification awarded upon completion.

About Each Course:

- **Length:** 6 weeks
- **Format:** Online, with in-person skills assessments at the end of the course
- **Location:** Miramar, Tampa, Jacksonville or Orlando
- **Price:** \$450 per course

How To Get Started:

- **Step 1:** Register at this link: concorde.fyi/da-certify
- **Step 2:** You'll receive next steps from Admissions

*Admission Requirements: Applicants must attest and may be required to submit documentation showing a minimum of three months of chair-side experience as a Dental Assistant under the direct supervision of a licensed Dentist. Applicants must be currently working for a Dentist and have documentation that establishes their current position. Applicants may substitute the three months of chair-side experience required by submitting proper documentation showing completion of an accredited Dental Assisting program.
