

## Time to get started!

Thanks again for registering for Windows 10 on Xbox One – we know you'll help us make it great. When you get your console, make sure to do two things: 1) set it up, and 2) use the Preview Dashboard app to register your console for the **Takehome** program. Once you do, we'll move you to a Windows 10 Takehome flight.

You should be receiving a Windows 10 build soon. Keep an eye on your email and the [forums](#) for info about new features and what needs to be tested. And make sure to use your new console every day - your feedback is super important to us, and we want to hear everything you have to say.

For questions or concerns about this process, please send a mail to [xboxbeta@microsoft.com](mailto:xboxbeta@microsoft.com). And please remember that this program is confidential.

See you in Windows 10 on Xbox One!
